I. CITIZENSHIP

Rules are in place to help maintain order and efficiency in the school environment. We believe that each person must take ownership of how his or her actions affect the rest of the school community. Our expectation is that all students and adults will model the following principles:

- Respect yourself
- Respect others
- Respect the place

Nearly all of the policies and rules described below flow from these principles.

RIGHTS OF PCS STUDENTS

- Students have the right to feel safe at school.
- Students have the right to the best possible instruction with freedom from classroom disruptions.
- Students have the right to be treated with respect and dignity.
- Per the laws of California, and as a matter of Board-approved policy, PCS students “have the right to exercise freedom of speech and of the press, including but not limited to the use of bulletin boards, the distribution of printed materials or petitions, the wearing of buttons, badges or other insignias and the right to express opinions in official school publications. Student expression on school Internet web sites shall generally be afforded the same protections as in print media.” Certain limitations to student freedom of speech and expression exist; a complete copy of the Board policy is available in the school office.

EXPECTATIONS OF PCS STUDENTS

- Students are expected to attend school every day and to be on time to class.
- Students are expected to put forward their best efforts in school by studying hard and by being prepared for all classroom activities, assignments and tests.
- Students are expected to treat each other, teachers and all others with respect and dignity at all times.
- Students are expected to be organized and to keep an updated planner.

CODE OF CONDUCT

- PCS students will use good manners.
- Students will treat each other well.
- Students will always deal courteously and respectfully with each other, as well as with all staff members, volunteers, parent supervisors (green-vested) and visitors.
- Students will use polite and respectful language among themselves and with others.
- Students will remain attentive and respectful while attending assemblies or performances.
- Students will show respect for their environment.

OFF-CAMPUS CONDUCT

As a PCS student, you are an ambassador for the school. Even when you are off campus, you represent the school. PCS students are expected to observe all the rules of conduct when on field trips or other school-sponsored activities, and when off-campus during the school day. With the school situated in a residential neighborhood, PCS students should take special care to be good neighbors who reflect well on the school.

APPROPRIATE DRESS

PCS students are expected to come to school each day dressed appropriately. PCS is not interested in micromanaging student wardrobes, and we hope common sense prevails when students get dressed for school. There will always be different interpretations of what is considered appropriate, but remember that PCS is a school focused on academics. While we encourage self-expression, any clothing that can present a distraction to teachers or students in maintaining this focus will be considered inappropriate to the learning environment. Here are a few guidelines about what is considered appropriate:

- Wear clothes that are not revealing or sexually suggestive. Clothing must not allow undergarments to be visible when standing or sitting. Strapless garments are not allowed.
- Clothing should cover the midriff (tops must extend below the beltline and/or be tucked in at all times).
- Shorts and skirts must be of modest length.
- Clothing may not be defamatory, violent, profane or condone the use of alcohol, drugs or tobacco.
- You must wear shoes at school; you may not go barefoot.

In the event that you do arrive at school with inappropriate attire, you may be asked to cover up with another layer or change clothes to be allowed on campus. This can be embarrassing to all involved, so help us avoid that situation.

BULLYING PREVENTION POLICY

Pacific Collegiate School believes that all students have a right to a safe and healthy school environment. The district, schools, and community have an obligation to promote mutual respect, tolerance, and acceptance.

Pacific Collegiate School will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation, which can occur in person or in any sort of digital format.

Pacific Collegiate School expects students and/or staff to immediately report incidents of bullying to the principal or designee. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies to students on school

grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, during a school-sponsored activity, and in any personal or digital format.

To ensure bullying does not occur on school campuses, nor online, Pacific Collegiate School will provide staff development training in bullying prevention and cultivate acceptance and understanding in all students and staff to build each school's capacity to maintain a safe and healthy learning environment. Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying. Students who bully are in violation of this policy and are subject to disciplinary action up to and including expulsion.

Students will abide by the Student Code of Conduct while on school grounds, or when traveling to and from school or a school-sponsored activity, and during lunch period, whether on or off campus.

The Student Code of Conduct includes, but is not limited to:

- Any student who engages in bullying may be subject to disciplinary action up to and including expulsion.
- Students are expected to immediately report incidents of bullying to the principal or designee.
- Students can rely on staff to promptly investigate each complaint of bullying in a thorough and confidential manner.
- If the complainant student or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact the principal or the Dean of Students. The school system prohibits retaliatory behavior against any complainant or any participant in the complaint process.

The procedures for intervening in bullying behavior include, but are not limited, to the following:

- All staff, students and their parents will receive a summary of this policy prohibiting intimidation and bullying: at the beginning of the school year, as part of the student handbook and/or information packet, as part of new student orientation, and as part of the school system's notification to parents.
- The school will make reasonable efforts to keep a report of bullying and the results of investigation confidential.
- Staff who witness acts of bullying, whether in person or in digital format, shall take immediate steps to intervene when safe to do so. People witnessing or experiencing bullying are strongly encouraged to report the incident; such reporting will not reflect on the target or witnesses in any way.

CAMPUS CLEAN-UP

While it may seem obvious, all members of the PCS community should clean up after themselves, or someone else will have to do it.

If you make a mess, clean it up. If you see a mess, clean it up. Take pride in your school, and encourage your peers to do the same.

DISCRIMINATION POLICY

It is the policy of PCS not to discriminate against any person on the basis of race, color, gender, religion, disability, national origin or any other basis protected by law in any aspect of school life including, but not limited to, admission of students, hiring of staff and use of facility. A copy of the school's 'Policy Against Sexual Harassment and Discrimination' is available from the Office.

SEXUAL HARASSMENT POLICY

It is the policy of PCS to ensure an environment free from sexual harassment. Sexual harassment is defined by the Fair Employment and Housing Commission as: "Unwanted sexual advances, or visual or physical conduct of a sexual nature," and can occur between staff members, between staff and students and between students themselves. Any incident of sexual harassment should be reported immediately to the Principal, who will fully investigate the complaint and, if proven, take prompt and effective remedial action. A copy of the school's 'Policy Against Sexual Harassment and Discrimination' is available from the Office.

II. ACADEMICS

ACADEMIC HONESTY

As a PCS student, you are accountable for producing their own original work.

Cheating, plagiarism, fabrication or falsification of information, taking unfair advantage on assignments or exams, assisting another in academic dishonesty, and unauthorized access to computerized school records are all forms of academic dishonesty.

If you are unclear about what constitutes a reasonable level of collaboration or original work on a particular assignment, talk to your teacher prior to turning in an assignment. Teachers will do their best to clarify expectations, but it is ultimately the student's responsibility to ensure that work is completed with honesty and integrity.

Any student work that is determined to be produced dishonestly will, at minimum, receive a grade of '0'. There are serious consequences for repeated violations of the academic honesty policy, including the possibility of expulsion (see 'Discipline').

PCS DISCIPLINARY REPORTING POLICY

Many undergraduate admission offices across the country ask applicants (seniors) and their school representatives (college counselors) to disclose whether or not the student has been involved in a disciplinary infraction during the high school years (grades 9-12). Disciplinary infractions may include:

- a. Truancy
- b. Academic dishonesty (cheating, copying, plagiarizing, hacking, etc.)
- c. Use of alcohol or drugs on campus, or as associated with a school function
- d. Use of threats or violence related to people or property of the school community
- e. Behavior resulting in suspension, expulsion, or dismissal
- f. Convicted or adjudicated for a misdemeanor or felony

When requested to do so, the PCS College Counselor will accurately report the facts of all known disciplinary violations.

PCS expects that students will report truthfully on college applications and/or subsequent communications with colleges, regarding their disciplinary records during grades 9-12. Students who write statements outlining circumstances of any infractions may review these statements with the College Counselor prior to submitting them to colleges.

GRADUATION REQUIREMENTS

In order to receive a high school diploma from PCS, a student must:

Earn at least 220 units (22 courses) in grades 9-12, fulfilling the following subject matter requirements:

English – 4 years in grades 9-12 (40 units)

Must include English 9, English 10, and at least one of: AP English Language, AP English Literature.

May include two semester-long elective English courses designated by the administration.

Math – 3 years (30 units)

Students graduating before 2015: Must have passed both Algebra 2 and Geometry.

Beginning with the Class of 2015: 3 years of math must be taken in grades 9-12, and student must have passed both Algebra 2 and Geometry.

Science – 3 years of lab science in grades 9-12 (30 units)

Must include Physics, Chemistry, and AP Biology.

History – 3 years in grades 9-12 (30 units)

Must include World History 9, AP World History, and AP US History.

Foreign Language – 3 years of same language (30 units)

May be taken in grades 7-12; or completion of level 3 of a foreign language.

Visual and Performing Arts – 3 years in grades 9-12 (30 units)

No more than 10 units may be earned for Dance Studies.

College Preparatory Electives – 3 years in grades 9-12 (30 units)

As part of 220 units, earn at least 50 units (5 courses) of Advanced Placement coursework at PCS. **Required** – AP World History, AP US History, AP Biology, AP English Language and AP English Literature.

All students must meet the community service requirement outlined in the PCS Community Service Policy: 10 hours per year in grades 7-8, and 20 hours per year in grades 9-12.

All students are required to pass the California High School Exit Exam (CAHSEE), a requirement under current law.

ADVANCED PLACEMENT EXAMS

AP exams are administered at PCS over the course of the first two weeks of May. Specific dates and times are published on the PCS master calendar. Teachers work hard to ensure that students have every opportunity to prepare for these exams. We hope, therefore, that all PCS students will take the AP exams for courses in which they are enrolled. If you would like to seek a waiver of the AP course exam fee, you may contact Mr. Lysaght or Mr. Fletcher.

AP exams are expensive, typically around \$85 each. However, there are some very good reasons why it might be worth the investment of your time and money to take the AP exams:

- Colleges actually do care about whether or not you take the tests. Taking the exam and doing well shows that the course itself was challenging and credible.
- Most public universities accept AP test scores for credit so you may not have to take that course in college, and you may save on tuition if that is the case.
- Taking AP exams increases eligibility for scholarships.
- Colleges often examine AP test participation when evaluating high schools.
- You are prepared to take these tests. Your teachers work hard to ensure that you have excellent preparation, and you are in a good position to do well, even if you think you might not be.

ATTENDANCE

The advice may seem simple, but it works: the best way to be successful in school is to be in class every day. There is a lot of information covered every day at PCS, and nothing replaces the experience and knowledge gained in the classroom.

Being on time is also important. Tardiness is disruptive to class and generally shows a lack of respect and organization. Here are a few key points to think about in terms of school attendance:

As established by California Education Code 46010:
only the following reasons may excuse a student for not being in class:

1. **Illness:** a doctor's note may be required for extended illness.
2. **Quarantine:** directed by a doctor.

3. **Medical, dental, optometry or chiropractic appointment for treatment:** elective treatment should be scheduled for outside of normal hours.
4. **Attending the funeral service of an immediate family member:** funeral service absence will not be more than three days unless the service is conducted outside of California.
5. **Jury Duty.**
6. Absence to obtain **required immunizations:** if the absence is not more than five days.
7. **Court appearances:** either as a defendant or as a subpoenaed witness.
8. **Observation of a holiday or ceremony of the student's religion:** with pre-approved written permission from the attendance office.
9. **DMV Appointments**

An absence can only be excused within 72 hours by a parent/guardian.

Please ensure that all excused absence have been reported to the school within 72 hours so that non-attendance will not result in a "cut" for your student.

Whenever a student is absent with parental consent for all or part of a school day, we ask that the parent/guardian "clear" the absence in person, by telephone, or in writing.

We ask that Notes be in ink and include:

- the student's name
- grade level
- date(s) of absence
- reason for absence
- signature of parent or legal guardian with date note was written

TO REPORT AN ABSENCE:

- If your student will be absent from school, please call the Attendance Phone Line at: 479-7785 x3103. This voice mail system operates 24/7. Messages are retrieved on a regular basis throughout the day.

When a student is marked absent the automated calling system will inform parents via e-mail.

Absences that remain unexcused or unverified will revert to "cuts" and student will be assigned detention.

Attendance is taken in the first ten minutes of class. If you are not in the class when the bell rings, you are tardy. If you are not in the class after the first 30 minutes, you will be marked as absent.

- Excessive tardies to class will earn detention.
- More than 2 unexcused absences in a semester may lead to you being withdrawn from a class.
- If you know you will be out of school for three or more days, contact the school office about setting up an Independent Study Plan (see below) in advance.
- If you are sick, stay home and communicate with friends and teachers about missed work.

LEAVING CAMPUS, MEDICAL APPOINTMENTS & GOING HOME SICK

Whenever leaving campus, the attendance office must be notified before the student leaves.

1. If a student needs to leave school for a medical appointment or other reason, he/she must bring a note to the Attendance Office and obtain a pass before leaving. Parent/ guardian approval is required if a note is not provided.
2. If your student contacts you directly during the school day because of illness, please direct your student to the office for the formal check out procedure. At that time, parents will be contacted to confirm permission to leave.
3. If you need to leave in the middle of a class period, it is important you bring a pass with you from the Attendance Office to release you. You will still need to check-out through the Attendance Office before leaving campus.
4. Upon return to campus from an appointment, your student must sign in to confirm the return time. Failure to use the required check-in and check-out procedures may result in unexcused absences and consequences for your student.

If a student leaves school without a pass, the absence is *unexcused and considered a truant and CANNOT BE EXCUSED later even by a parent.*

5. Students are not to leave campus during the morning break.
6. High School Students may leave campus at lunch, but must be back in time for their next class.

18-YEAR-OLD STUDENT ATTENDANCE

Students who are 18-years old, or turn 18 during the school year may NOT excuse their own absences, tardies, detentions, or approve their field trip forms. Parents must still report absences for their 18-year old student.

TARDY POLICY & UNEXCUSED ABSENCES:

- 1) Attendance will always be taken during the first ten minutes of class. Students are expected to remain in attendance for the entirety of class, absent appropriate permission.
- 2) Students not in class at the bell, but arriving during the first ten minutes, are considered tardy.
- 3) Students more than 30 minutes late are considered absent.
- 4) Attendance reports will be run weekly, aggregating all classes in a given week. Detention will be assigned to students with more than one Unexcused tardy or Unexcused absence per week.
- 5) Parents are required to call in, email, or write a note about an absence for it to be excused. If a student is absent for more than three consecutive days for illness, a doctor's note may be required for the absence to be excused. Exceptions for non-medical family emergencies may be made at the discretion of the Principal or designee.
- 6) For purposes of this policy, a Cut is a partial or full day absence without parent, guardian or school approval. Any such partial or full day absence shall be marked as Cuts. Students leaving class during the class period, without teacher or parent permission, without a valid excuse, shall be considered a Cut and shall be recorded as such.
- 7) Students do not have the right to make-up missed quizzes or work due to unexcused tardies.
- 8) Students who have an EXCUSED tardy should report to the Attendance Office BEFORE going to class. If the tardy is excused, the student will be given a pass to bring to the teacher.

The only tardies that will be excused are those due to illness, medical/dental appt., court appearance/DMV, or funeral. Students who arrive late due to transportation problems or because the parent was late in dropping the student off will not be excused.

- 9) Students tardy 30 or more minutes are considered absent.

TRUANCY

Any absence without permission for 30 minutes or more from any class constitutes truancy. When cutting classes or other unexcused absences (without parent permission) occur, any of the following will be referred to administration for assignment to detention or suspension.

It is the student's responsibility to follow the proper attendance procedures and to monitor their own attendance regularly (bi-monthly.) Any failure to do so will be treated according to the appropriate truancy consequences.

The State defines a student as Truant when they accumulate 3 of any of the following actions: (1) Unexcused Absence for the day, (2) Unexcused absence in any class, (3) Tardy in excess of 30 minutes, (4) Cut class.

Truant students are in violation of the Education Code and will be subject to disciplinary consequences and expected to improve their daily attendance. These consequences include — but are not limited to — detention, exclusion from school sponsored events and possible loss of class credit. The PCS administration has the right to deny or pull work permits if students have unresolved attendance problems or are not in good standing. Further truancy could also result in placement in an alternative program or referrals to District Student Services. Parents and students will be informed in writing of consequences as a result of their truancy.

California Education Code 48260 holds parents legally responsible for their student's school attendance. The law provides penalties for parents who neglect this duty. School authorities will refer parents who do not comply to the Santa Cruz County School Attendance Review Board (*SARB*) and, if necessary, to the District Attorney's office.

CONSEQUENCES FOR CUTS, UNEXCUSED ABSENCES AND TRUANCY

Tardies and truancy are tallied monthly, throughout the school year.

- ***Students caught cutting class will be assigned 2 lunch detentions by administration***
- 1 unexcused absence during Tutorial/Advisory = 1 lunch detentions
- 2 unexcused tardies per week = 1 lunch detention
- 10 cuts/unexcused absences/unexcused tardies = meeting with parents & Assistant Principal
- 15 cuts/unexcused absences/unexcused tardies = meeting with parents & Assistant Principal and referral to SARB.

ADDING AND DROPPING CLASSES

Once the Master Schedule has been built and resources are committed to fulfill student requests, students can only change classes if:

1. A student is in the wrong level, either too hard or too easy, and needs to move to the appropriate level. (For example, if a student is placed in Algebra 1 and s/he feels the pace and material is too advanced. If the teacher agrees, the student can move to pre-Algebra.)
2. A student needs to reduce his/her class load because s/he is struggling academically.
3. A student takes a summer school class or passes a challenge test and therefore does not need to be in a particular class.
4. A student's schedule is changed to accommodate an IEP or 504 plan. The Special Education Director must request this change.
5. A senior who is enrolled in a class outside of PCS, such as USCS or Cabrillo, after approval of the College Counselor or Assistant Principal.

In addition to school approval of any changes, a student's parent or guardian must approve all changes before the change can be made.

If students decide to change their schedules, there is a three-week window at the beginning of each semester when they can add classes (depending on space available). This time frame for adding courses applies to all academic courses, teacher assistantships, and courses which are taken outside of the school day. In certain arts courses, however, students may transfer in at later points in the year.

Students may drop classes without penalty up until five weeks into the semester. If a student chooses to drop a course after five weeks, they will receive a Withdraw/Current grade (for instance, W/B+) for the class.

Other than the above academic reasons, students will not be allowed to change their schedule at any time during the semester. Since there is no policy written that addresses all of the possible special cases, the only exceptions to this policy will be made on a case-by-case basis with the approval of teachers, parent/guardian, the College Counselor or Assistant Principal, and the Principal.

ACADEMIC PROMOTION

Moving from one grade to the next is based on grades and/or credits earned at each level. Below are the minimum requirements for promotion to a subsequent grade level:

- Seventh to eighth grade (pass a minimum of five classes with a C- or higher)
- Eighth to ninth grade (pass a minimum of five classes with a C- or higher)
- Freshman to Sophomore (minimum of 50 credits earned)
- Sophomore to Junior (minimum of 100 credits earned)
- Junior to Senior (minimum of 160 credits earned)
- Graduation (minimum of 220 credits earned)

GRADES AND REPORTING

The following are the guidelines for the granting of grades at Pacific Collegiate School:

A A-	(93-100%) (90-92%)	Student demonstrates exceptional proficiency or achievement in all aspects of the course.
B+ B B-	(87-89%) (83-86%) (80-82%)	Student demonstrates solid proficiency or achievement in most aspects of the course.
C+ C C-	(77-79%) (73-76%) (70-72%)	Student demonstrates adequate fulfillment of all basic requirements of the course.

D+	(67-69%)	Student demonstrates only partial fulfillment of basic requirements of the course. Credit for the course is not granted, and the student may not be permitted to advance in the subject area (see policy below).
D	(63-66%)	
D-	(60-62%)	
F	(<60%)	Student failed to meet even basic requirements. Credit for the course is not granted. If the course is required, it must be repeated. Student must pass all courses required for graduation.

Grades are reported at the end of each of each semester and report cards are mailed out. The school endeavors to keep students and parents informed throughout the year of academic problems. Using PowerSchool, a web-based student data management program, students (and parents) have access to their own grades, graduation progress and attendance using a unique password. Parents are expected to monitor their student's progress and may contact teachers at the school at any time with their concerns.

To qualify for the Honor Roll in any given semester, a student must achieve a minimum Grade Point Average (GPA) of 3.5 for that semester. For purposes of college admissions and in determining Honor Roll, the following system is used to calculate the student's GPA:

A = 4.0	B = 3.0	C = 2.0	D = 1.0
A- = 3.7	B- = 2.7	C- = 1.7	D- = 0.7
B+ = 3.4	C+ = 2.4	D+ = 1.4	F = 0

Advancement Requirements

Rationale: A major goal in the Pacific Collegiate School is that every student who graduates from PCS will be eligible for admission in the UC system. As UC admissions policy does not accept a 'D' as credit for any required class, issuing a 'D' for our classes presents a problem in meeting this goal. In addition, if PCS is striving to give its students an exemplary education, allowing students to graduate with the low level of understanding and achievement that a 'D' represents is a retreat from our standards and expectations. Eliminating the 'D' entirely would present difficulties for students who transfer from Pacific Collegiate.

The 'D' at PCS:

- A 'D' grade may be issued, but will give no credit toward high school graduation in any discipline.
- A 7th or 8th grade student who receives a 'D' in the second semester of any course may advance in the subject to the next class in the sequence if they pass a challenge exam and with approval of the Leadership Team.
- A student who receives a 'D' in the first semester only of a non-AP course may make up 5 units off campus, and this is allowed for one class per discipline.

- A student may also makeup the second semester of any course (including an AP course) off campus, if the course is the last course they will take in a sequence (i.e., the culminating class). A student may only take this option (to make up the second semester of any course) once in his/her high school career.
- A student may take two courses at once that normally would be taken consecutively, but only by permission of the Leadership Team.

INDEPENDENT STUDY

Public school funding is based on student attendance. If a student is absent for three or more days, the school can receive attendance funding only by having the student on an independent study contract. This not only benefits the school, but also the students by helping them communicate with teachers about expected work to be completed during and after their absence. Independent Study Plans are often arranged in advance (for a family trip, for example); contact the school office as soon as you are aware that you will be absent for at least **three** days.

INFINITE CAMPUS

Infinite Campus is the computer program PCS uses to record and report grades; it is accessible by students, parents, and teachers. Each student has an individual account with a personal password. If you need to know your password, contact the school office. In addition, if you need help navigating or interpreting Infinite Campus we will be happy to help.

We encourage parents and students to review grades and progress on Infinite Campus on a regular basis. Teachers are committed to keeping grades up to date, at least every two weeks. By reviewing information in Infinite Campus regularly, parents and students can stay on top of class expectations and be aware of work that needs to be completed.

PARENT COMPLAINT POLICY

Rationale behind this policy:

While teachers and parents both strive towards what they believe is "best" for students, the different perspectives pertaining to these two positions (Teacher and Parent) sometimes seem incompatible. Pacific Collegiate School (PCS) is committed to listening and responding to parent concerns, but the school also has a commitment to its teachers. In order to facilitate the most productive results, parents are asked to follow a set of prescribed steps when bringing up a complaint about a teacher.

Respectful conduct is crucial:

In any kind of disagreement, and especially those concerning children, emotions can run high. To best resolve a problem, however, it is critical that all parties conduct all communication in a rational and respectful manner, and that they follow a set of prescribed steps. Most important is that the Parent must always contact the Teacher first with respect to a student's academic performance or classroom behavior. The Principal and Department Chair may become involved later, but only after the following steps have been taken:

If a Parent wishes to register a concern about a student's academic performance or classroom behavior, s/he must proceed in the following order:

Step 1: Parent contacts the Teacher by email, phone or note in faculty box. A Parent should never raise his/her concern to the teacher in the classroom or anywhere else on campus.

Step 2: Teacher replies to the Parent contact by phone or email, within two (2) business days, and either resolves the issue in a conversation or email correspondence, or schedules a meeting at school.

Step 3: Parent and Teacher meet to discuss the problem. The problem is either resolved at this stage, or the Teacher and/or Parent has the right to contact the Department Chair within seven (7) days after the Teacher response to schedule a meeting between these three parties. *Before this meeting takes place*, both Teacher and Parent will be requested to email a concise synopsis of the dispute, as each sees it, to the Department Chair. Synopses should be written as bulleted lists, not lengthy narratives. These lists will help facilitate the meeting that follows.

Step 4: Teacher and Parent meet with the Department Chair, who acts as moderator and note-taker. (If the complaint is about the Department Chair, the Parent can skip to Step 5 and meet with the Principal and/or Assistant Principal). At the discretion of the Department Chair, the Principal or Assistant Principal may be asked to sit in on this meeting, but not to participate. If the problem is still not resolved, then:

Step 5: Department Chair and/or Principal or Assistant Principal determine whether the Parent complaint constitutes grounds for action. If the Department Chair and/or Principal or Assistant Principal determine that the Parent complaint does not constitute a sufficient problem or has adequately addressed by the Teacher, the matter will be dismissed. If, however, it is determined that the complaint constitutes a legitimate problem with the Teacher's performance, appropriate action will be taken in the form of Teacher support, supervision, and/or discipline.

Records of all disputes and complaints will be kept on file:

It is important that parents know their concerns are being taken seriously. It is also important that teachers do not feel unjustly attacked or singled out. In order to protect both parties, a careful record of all notes taken at meetings, and all correspondence pertaining to the dispute, will be kept on file. But only if a Parent complaint ends in a personnel action will these notes be placed in the Teacher's personnel file.

Finally:

If the Parent is not satisfied with the determination made by the Department Chair and/or Principal, s/he has the final option of filing a formal complaint with the PCS Board of Directors (a 'Parent Complaint Form' is available in the school Office and on the school website). The Board shall refer the matter to an *ad hoc* Complaint Review Committee established by the Board. All correspondence will be passed on to the chair of that committee.

The Complaint Review Committee will investigate the matter and make written recommendations to the Board. Following Board review and action (for example, further investigation, approval, disapproval or

modification of the Committee's recommendation), a copy of a written response will be given to the person(s) involved.

The Complaint Review Committee and Board will conduct their meetings in public to the extent required by applicable public meeting laws, and all involved parties may address the Committee and Board as provided in applicable public meeting laws. The parties may request additional presentation time, in the Committee and Board's discretion. The Board will note the final action or resolution in the official Board minutes.

III. STUDENT LIFE

EXTRA-CURRICULAR ACTIVITIES

Extra-curricular participation is an important way that we build and enrich the PCS school community; students are encouraged to take part. However...balancing academics with other activities is *essential*. You should carefully consider all obligations before committing to a team or club.

There are many extra-curricular opportunities available to students at PCS, including sports, clubs and productions in the performing arts (chorus, dance, drama, and music). They can change from year to year, depending on student interest and enthusiasm; for a current list of the opportunities available, check the school website.

ELIGIBILITY POLICY FOR EXTRA-CURRICULAR ACTIVITIES

A student is eligible for any extra-curricular activities if they meet the following requirements:

1. No grade below a C- at the end of each grading period;
2. Minimum GPA of 2.0 at the end of each grading period; and
3. Attended at least half of their classes on the day of the activity.

For athletic eligibility, a student must meet the requirements listed above AND

4. Be enrolled in four (4) classes at PCS; and
5. Be making minimum progress towards fulfilling the PCS graduation requirements.

Grades will be checked by the Friday following the end of each grading period and go into effect on Monday of the second week of each grading period (except for start of the year eligibility). Ineligible students are prohibited from participating in an extra-curricular activity in any way including, but not limited to, rehearsals and practices.

Ineligible students may appeal their status to the Principal. The Principal will consider any mitigating circumstances and the Principal has the authority to reinstate eligibility. If eligibility is reinstated, the Principal may require a contract between the school and the student setting specific academic and attendance requirements for the student to remain eligible.

DANCES

Dances are organized and hosted by Student Government, with the support of school administration. In addition to being community building events, they help raise money for fun and charity. The dates of the dances will be publicized well in advance of the events. Typically, they will start at 7:00 p.m. and end at 10:00 p.m. Students must arrive at the dance before the half-way mark, typically 8:30 p.m., or they will not be allowed to enter.

Students are not permitted to leave dances early unless picked up by a parent. Parents: please pick up students within 15 minutes of the end of the dance.

School dances are meant to be a social event and bonding experience for PCS students, and attending dances is a privilege. Thus, students who have a disciplinary record may not be allowed to attend. Guests may accompany PCS students if the appropriate permission form has been filled out prior to the dance. Typically, these forms are due 48 hours prior to the dance.

CELL PHONES & OTHER ELECTRONIC DEVICES

Cell phones and other electronic/gaming devices are distracting and are not to be turned on during class, except with permission from the teacher. Unapproved use of devices may result in their confiscation (see ‘Discipline’).

EMERGENCY SITUATIONS

We want to be as prepared as possible in the event of an unforeseen emergency. When an emergency does occur, stay calm and follow the teacher’s directions. Don’t make phone calls or send text messages unless you have permission from your teacher.

Just like anything else, we get better at responding to unexpected events by practicing. The school will hold frequent drills – fire, earthquake, and lockdown – throughout the school year to practice different scenarios. We appreciate students treating these drills like the real thing so that we can test out our procedures.

It is critical that you and your family keep your STUDENT EMERGENCY CONTACT INFORMATION CURRENT.

HEALTH AND MEDICATIONS

If you are sick, it is best to stay home rather than risk getting others sick as well. Communicate with teachers and other students about class work missed. Be sure the teacher appreciates your situation; be sure you understand the teacher’s policies on the submission of late work.

If you feel sick while in school, let your teacher know and go to the Office. You can call your parents and decide if you need to go home or rest at school for a while. Please note that there is no nurse at PCS.

Extended Absence

If a student is absent for more than 3 consecutive days for illness, a doctor’s note is required for the absence to be excused.

Medication

We cannot give medication to students without parent permission. All medication (both prescription/non-prescription) must be sent to school with a Request to Administer Medication form (available on website) signed by doctor and parent. Prescription drugs must be left in the original containers. All prescription/non-prescription medication must be left in the Office.

LUNCH

There is no cafeteria at PCS; students are encouraged to bring lunches from home. While the school cannot guarantee that food will be offered every day, there are typically several different food services during the week that will provide lunches for a charge; a number of school groups will also sell lunch food as part of their fundraising efforts during the year. All of these options will vary from year to year, and sometimes even from month to month, but information about options and pre-ordering is always available in the office, on the school website, and in the daily announcement emails.

OFF CAMPUS PRIVILEGES

Students in Grades 9-12 are allowed to leave campus for lunch or to attend a PCS-approved off-campus class. Students in Grade 7-8 must remain on campus during school hours.

Be responsible with this privilege. We expect all students to:

- Be on time to class after lunch
- Be positive ambassadors for PCS in the surrounding neighborhood and when patronizing local businesses.
- Remember that all rules that apply on campus also apply off-campus.
- Respect the “9th-12th grade only” off-campus rule.

Off-campus privileges can be taken away if they are abused. NOTE: Typically, students in Grades 7-8 who are found to have left campus without permission lose at least one semester of the privilege starting in Grade 9.

TRANSPORTATION

There is no school bus service, but public bus stops are located close to the school. We have limited parking space for students. If you plan to park your car at school, you must first apply for a parking permit. Student parking is in the designated student lot only.

To minimize traffic problems, we encourage students to carpool whenever possible. We maintain a cooperative carpool resource at the school office; it is available for families to arrange their own carpools.

If you walk or ride your bike, please be sure to observe all traffic laws. Students riding bikes must wear bike helmets, as required by law. For safety reasons use of skateboards, scooters, roller blades, and bicycles is not permitted on campus.

VISITORS

All visitors to the school, including parents who are at school to perform volunteer service, must sign in at the front office and obtain a Visitor's Pass.

In general, non-PCS students should not be on campus during school hours. Designated days are set aside each year for students to observe classes for the purpose of deciding if PCS is a good fit for them. Mr. Douglas or Mr. Fletcher may approve other visits if a request is made in advance.

V. DISCIPLINE

A. STANDARD PROCEDURES

It is our goal at PCS to work with students in a cooperative way to correct behaviors that are harmful to themselves or to the community.

If a teacher or other adult at the school engages a student regarding a behavioral matter and the two parties are unable to resolve the problem on their own, the student will be referred to the Assistant Principal and a parent/student consultation may occur. At this meeting, problem solving, administration of consequences, or more long-term counseling may be recommended. Consequences will generally be related to the action, and can include detention, restitution, and counseling. If the actions present a danger to other students or a major disruption to the school environment, a suspension may be warranted. In extreme cases, expulsion is also a possibility. (See 'Suspension and Expulsion' below.)

Below are examples of behaviors that are inappropriate and may lead to disciplinary action. This is not an exclusive list of all behavior that may lead to discipline.

ACADEMIC DISHONESTY

In general, consequences will be as follows. Depending on the severity of the offense, increased sanctions may be warranted.

- 1) First offense: 0 on the assignment, student/teacher/administrator communication in which the parent or guardian will be expected to participate. Incident recorded in student disciplinary records.
- 2) Second offense: Student Study Team, or like committee formed after an SST pattern, convenes and advises the Principal and parents of consequences from among the following: potential withdraw/F from the course, potential withholding of academic honors or awards, potential withholding of recommendations. Team may seek other expert advice they feel may be valuable. Incident recorded in student disciplinary records.
- 3) Subsequent offenses: Increased sanctions from second offense category; potential expulsion.

ALCOHOL/DRUGS

Students may not possess, use, or be under the influence of any controlled substance, tobacco, alcoholic beverage or intoxicant. Students may not possess any drug paraphernalia on campus.

AMOROUS BEHAVIOR

The administration, students, and staff have the responsibility to maintain a school environment in which everyone feels comfortable. What may be appropriate for older students may not be for younger students. Be mindful of this in your public and private behavior.

CELL PHONES & ELECTRONIC DEVICES

Cell phones and other electronic devices are not to be on during class without a teacher's permission. Confiscated equipment will be returned at the end of the day for the 1st offense, and only to a parent thereafter.

COMPUTER HACKING

Students are prohibited from unauthorized access to computerized academic or administrative records or systems.

CUTTING CLASSES

Missing all or part of a class without a valid excuse is considered a cut.

DEFIANCE

Students shall not disrupt school activities or otherwise defy the authority of supervisors, teachers or administrators. Students shall not act in any unruly or disruptive manner or in any manner that may endanger other students. Students must give their names when asked by a staff member or campus supervisor. Failure to do so will be seen as defiance.

FIGHTING

Students shall not cause, intend to cause or threaten to cause injury to another person. Depending on the severity, even on the first offense, students may be referred to a law enforcement agency and be recommended for expulsion.

FORGERY

Students may not reproduce a parent's or another person's signature on school documents, including class work or projects.

GAMBLING

Students may not gamble for money or property at school.

GRAFFITI

Graffiti is not permitted on campus property or the property of others.

HARASSMENT (Sexual, Hazing)

Students shall not haze, sexually harass or commit any act that degrades or discredits students and/or staff. Keep in mind that it is the victim's perception of harassment that matters, not what the harasser had intended. Hazing includes degrading underclassmen or other groups at any rally, assembly or gathering. Depending on the severity, students may be referred to a law enforcement agency and recommended for expulsion. (See 'Citizenship' for further information about sexual harassment.)

INSULT/HATE MOTIVATED BEHAVIOR

Students may not make damaging or offensive remarks to others. Do not put down others. This includes hate-motivated behaviors dealing with issues of ethnicity, national origin, immigrant status, religious belief, gender, sexual orientation, age, disability, political affiliation, race, or any other physical or cultural characteristic. Depending on severity, students may be referred to a law enforcement agency.

LEWD BEHAVIOR

Students may not engage in obscene or indecent acts or possess pornography. Depending on the severity, students may be referred to a law enforcement agency and recommended for expulsion.

LOITERING

Students may not “hang out” on campus during school hours. Students not in class will be asked to return to class or be in student approved areas.

PROFANITY

Students are not to speak or write in a profane way or behave in a vulgar manner.

PROHIBITED ITEMS

Prohibited items include but are not limited to: firecrackers, pets, squirt guns and water balloons, or any item that may cause a disruption to the learning process or endanger others. Depending on the severity of the violation, a student may be recommended for expulsion.

SKATEBOARDS, ROLLER BLADES, BICYCLES

For safety reasons, skateboards, scooters, roller blades, bicycles and similar wheeled devices may not be ridden on campus. Confiscated items will be returned at the end of the day on a 1st offence and only to a parent thereafter.

SPITTING AND/OR LITTERING

Students are not to spit on or litter the campus.

TOBACCO/ELECTRONIC NICOTINE DELIVERY SYSTEMS

Students may not possess or use tobacco or electronic nicotine delivery systems on school property, or at the bus stop or school area that immediately surrounds the campus. Electronic Nicotine Delivery Systems includes, but is not limited to, e-cigarettes, e-hookahs or other vapor emitting devices. This prohibition of electronic nicotine delivery systems applies whether or not tobacco, nicotine, and/or any controlled substance is found with the system.

TRUANCY

Students who cut four (4) hours of class time are truant and may be given In-House Suspension, may be dropped from class(es) and may be referred to the School Attendance Review Board (SARB).

VANDALISM/THEFT

Students may not damage or steal school property or another person's property. Depending on the severity, students may be suspended for five days on the first offense, referred to a law enforcement agency and recommended for expulsion.

B. MAJOR OFFENSES

The following actions are so severe that they will result in an immediate five-day suspension and recommendation for expulsion and may be reported to law enforcement:

ARSON

Students may not set fire to any personal or school property on campus.

DANGEROUS OBJECTS

Students may not possess any firearm, explosive or other similar dangerous objects on campus. Knives, including switchblades, knives with blades that lock, and razors, are prohibited.

DRUGS (Sales)

Students may not arrange or negotiate to sell, buy or otherwise furnish any controlled substance, alcoholic beverage or intoxicant of any kind on campus.

EXTORTION

Students may not coerce others in the PCS community through threats or intimidation to obtain property or money or to otherwise gain advantage.

C. SUSPENSION AND EXPULSION

The following statement of policies and procedures regarding suspension and expulsion has been approved by the PCS Board of Directors and is required to be included in this document, per the school's 2011 'Memorandum of Understanding' with the Santa Cruz County Office of Education.

This Pupil Suspension and Expulsion Policy and procedures are established to promote learning and protect the safety and well being of all students at Pacific Collegiate School. This PCS policy may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. PCS staff shall enforce disciplinary rules and procedures fairly and consistently among all students. The Principal or their designee (historically, the Vice Principal) serves as the administrator over disciplinary procedures and process.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion. *Suspension* means removal of a student from ongoing instruction for adjustment purposes. The Vice Principal may suspend a student from

school for not more than ten consecutive school days unless the suspension is extended pending expulsion. *Expulsion* means removal of a student from the immediate supervision and control, or the general supervision, of school personnel.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. PCS may use discretion to provide alternatives to suspension or expulsion for a student subject to discipline.

A student identified as an individual with disabilities or for whom PCS has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 (“IDEIA”) or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. PCS will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom PCS has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at anytime including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

- u) Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- v) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261 of the Education Code, directed specifically toward a pupil or school personnel.
- w) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1).
- x) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal's designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the pupil:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Principal's designee's concurrence.

If it is determined by the Board of Directors that a student has brought a fire arm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any

such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term “destructive device” means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or PCS employee who referred the student to the Principal's designee.

The conference may be omitted if the Principal's designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or PCS personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with PCS officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If PCS officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5)

consecutive school days per suspension. Upon a recommendation of Expulsion by the Principal's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Principal's designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

D. Authority to Expel

A student may be expelled either by the PCS Board following a hearing before it or by PCS Board vote upon the recommendation of an Administrative Panel to be appointed by the Board as needed. The Administrative Panel should consist of at least three members who are neither a teacher of the pupil or a Board member of the PCS's governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within twenty (20) school days after the Principal's designee determines that the Pupil has committed an expellable offense.

In the event an administrative panel hears the case, it will make a recommendation to the PCS Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the Pupil makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the expulsion hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

- 1) The date and place of the hearing;
- 2) A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
- 3) A copy of PCS's disciplinary rules which relate to the alleged violation;
- 4) Notification of the student's or parent/guardian's obligation to provide information about the student's status at PCS to any other school district or school to which the student seeks enrollment;
- 5) The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
- 6) The right to inspect and obtain copies of all documents to be used at the hearing;
- 7) The opportunity to confront and question all witnesses who testify at the hearing;
- 8) The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Whenever any allegation of sexual assault or sexual battery is made, the Principal's designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone/text contact with each other during the time when an expulsion process is pending.

Due to the sensitive and confidential nature of Sexual Assault or Battery Offenses, these expulsion hearings shall be heard by an Administrative Panel outlined above. The Administrative Panel may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Administrative Panel must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The Administrative Panel may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. The testimony of the support person who is also a witness shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

8. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

9. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence & Decision

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing.

The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The Principal's designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: Notice of the specific offense committed by the student; and Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with PCS.

The Principal's designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name b) The specific expellable offense committed by the student.

J. Disciplinary Records

PCS shall maintain records of all student suspensions and expulsions at PCS. Such records shall be made available to the authorizer upon request.

K. No Right to Appeal

The pupil shall have no right of appeal from expulsion from PCS as the PCS Board's decision to expel shall be final.

L. Expelled Pupils/Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. PCS shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion. Additionally, PCS will notify the Santa Cruz County Office of Education of any student who is expelled to request evaluation of education alternatives for said students consistent with the Santa Cruz County Plan for Education Expelled Students which was updated June of 2009. Said plan is designed to insure that educational services are provided to all expelled pupils in Santa Cruz County and expands educational alternatives to expelled students. PCS will immediately forward to the SCCOE student's expulsion paperwork, transcript or current class enrollment, as well as other requested documentation.

M. Rehabilitation Plans

Students who are expelled from PCS shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to PCS for readmission.

N. Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or PCS shall be in the sole discretion of the Board following a meeting with the Principal or the Principal's designee and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Principal or the Principal's designee shall make a recommendation to the Board following the meeting regarding his or her determination. The pupil's readmission is also contingent upon PCS's capacity at the time the student seeks readmission.

O. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

PCS shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who PCS or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment or functional analysis, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, PCS, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b) If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If PCS, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If PCS, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a) Conduct a functional behavioral assessment or a functional analysis assessment, and implement a behavioral intervention plan for such child, provided that PCS had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b) If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c) Return the child to the placement from which the child was removed, unless the parent and PCS agree to a change of placement as part of the modification of the behavioral intervention plan.

If PCS, the parent, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then PCS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or PCS believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Procedure and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or PCS, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and PCS agree otherwise.

5. Special Circumstances

PCS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal's designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a) Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

- c) Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated PCS's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if PCS had knowledge that the student was disabled before the behavior occurred.

PCS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a) The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to PCS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b) The parent has requested an evaluation of the child.
- c) The child's teacher, or other PCS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other PCS supervisory personnel.

If PCS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If PCS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. PCS shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by PCS pending the results of the evaluation.

PCS shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

P. Notice of Regulations

At the beginning of each school year, PCS shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. A copy of this policy is available at the school's administrative office.
