

Mustang Student Handbook

Madisonville CISD

Dear Student and Parent:

As required by state law, the board of trustees has officially adopted the 2014-2015 Student Handbook and Code of Conduct in order to promote a safe and orderly learning environment for every student.

We urge you to read this publication thoroughly and to discuss it with your family. If you have any questions about the required conduct and consequences for misconduct, we encourage you to ask for an explanation from the student's teacher or campus administrator.

Each student and parent should each sign the acknowledgement form provided in the student forms packet, when your child enrolls this year, and return the page to your appropriate school.

Thank you.

Keith Smith

Superintendent

NOTICES TO PARENTS

Statement of Nondiscrimination

In its efforts to promote nondiscrimination, Madisonville CISD does not discriminate on the basis of race, religion, color, national origin, gender, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of gender and/or Section 504 Coordinator, for concerns regarding discrimination on the basis of disability may contact: Dr. Robert Cope, Assistant Superintendent of Special Programs, Madisonville CISD: 728 Bacon Street, Madisonville Texas 77864, 936-348-2797.
- All other concerns regarding discrimination: Contact Keith Smith, Superintendent of Schools, Madisonville CISD, 718 Bacon Street, Madisonville Texas 77864, 936-348-2797.

[See FB(LOCAL) and FFH(LOCAL)]

Asbestos Management Plan

The district's Asbestos Management Plan, designed to be in compliance with state and federal regulations addressing asbestos, is available in the Director of Maintenance office. If you have any questions, please contact Frank Kelly, Maintenance Director.

Pest Management Plan

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment should submit a letter requesting this notification.

Additional Notices

Other important notices in the Student Handbook cover the following topics:

- Student participation in a survey, analysis, or evaluation;
- Opting out of surveys and data collection activities;
- Requesting the professional qualifications of teachers and staff;
- Requesting a transfer of your child to a safe public school;
- Assistance to students who have learning difficulties;
- Student records; Bacterial meningitis; Career and technology programs;
- Homeless students; and School lunch programs.

Please take some time to review these notices and other important information contained in the Student Handbook.

PREFACE

To Students and Parents:

Welcome to school year 2014–2015! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The mission of Madisonville CISD is to ensure that each student will learn to his or her maximum potential.

The Madisonville CISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

Section I—PARENTAL RIGHTS AND RESPONSIBILITIES with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook;

Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS—organized alphabetically by topic for quick access when searching for information on a specific issue. Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student. Both students and parents should become familiar with the Madisonville CISD ***Student Code of Conduct***, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found as a separate document sent home to parents, posted at www.madisonvillecisd.org, and available in the principal’s office.

The Student Handbook is designed to be in harmony with board policy and the ***Student Code of Conduct***. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. In case of conflict between board policy including the ***Student Code of Conduct*** and any provisions of the Student Handbook, the current provisions of board policy and the ***Student Code of Conduct*** are to be followed. If you or your child has questions about any of the material in this handbook, please contact a teacher, counselor, principal, or other appropriate campus personnel. Also, please complete and return to your child’s campus the following required forms included in this handbook or provided in the forms packet accompanying this handbook:

1. Parental Acknowledgment Form;
2. Student Directory Information and Release of Student Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Education Form; and
4. Consent/Opt-Out Form.

See **Obtaining Information and Protecting Student Rights** on page 13 and **Directory Information** on page 19 for more information.

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office and online at www.madisonvillecisd.org.

SECTION I: PARENTAL RIGHTS AND RESPONSIBILITIES

This section of the Madisonville CISD Student Handbook includes information on topics of particular interest to you as a parent.

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child once your child begins enrolling in courses that earn high school credit.
- Monitoring your child's academic progress and contacting teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school.
- Becoming a school volunteer. For further information, see policies at GKG and contact your child's campus principal.
- Participating in campus parent organizations. Parent organizations include but are not limited to: PTO, Band Booster Club, and the Athletic Booster Club.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact your child's campus principal.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction.

- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

PARENTAL RIGHTS

Obtaining Information and Protecting Student Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF (LEGAL).]

“Opting Out” of Surveys and Activities

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

Inspecting Surveys

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Requesting Professional Qualifications of Teachers and Staff

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

Reviewing Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child. [Also see **Removing a Student from Human Sexuality Instruction** on page 15 for additional information.]

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display students' work in classroom or elsewhere on campus as recognition of student achievement. However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, and the like on the district's Web site, in printed material, by video, or by any other method of mass communication. The district will also seek consent before displaying or publishing an original video or voice recoding in this manner.

Accessing Student Records

You may review your child's student records. These records include:

- Attendance records, test scores, grades, disciplinary records, counseling records, psychological records, applications for admission, health and immunization information, other medical records, teacher and counselor evaluations, reports of behavioral patterns, and state assessment instruments that have been administered to your child.

[See **Student Records** on page 19.]

Communication between parents and teachers is vital to student success in the school setting. MCISD has made txConnect available to help with this task. With the completion of an online application, parents/guardians have access to view their student's schedule, attendance data, class assignments and grades online.

To create a txConnect account you will need your student's portal ID. Once you activate this account it will stay active throughout the student's school years at MCISD. If you do not have a portal ID one can be requested from your student's campus.

It is very important that you submit changes in personal information (address, phone, email), so our district can continue communication between school and home.

Granting Permission to Video or Audio Record a Student

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a co-curricular or extracurricular activity; or
- When it relates to media coverage of the school.

Granting Permission to Receive Parenting and Paternity Awareness Instruction

As a parent, if your child is under the age of 14, you must grant permission for your child to receive instruction in the district's parenting and paternity awareness program or your child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education, (SBOE) is incorporated into the district's health education classes.

Removing a Student Temporarily from the Classroom

You may remove your child temporarily from the classroom, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

Removing a Student from Human Sexuality Instruction

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and

- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of this instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district's SHAC. Please see the campus principal for additional information.

Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 64 and policy EC (LEGAL).]

Excusing a Student from Reciting a Portion of the Declaration of Independence

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK (LEGAL).]

Requesting Limited or No Contact with a Student through Electronic Media

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

However, instant or text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

Requesting Notices of Certain Student Misconduct

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO (LEGAL) and the *Student Code of Conduct*.]

Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the *Student Code of Conduct* and policy FO (LOCAL) in the district's policy manual. The student is told the reason for the corporal punishment and will be provided an opportunity to present his/her point of view prior to the use of corporal punishment. Corporal punishment shall be administered in the presence of one other district professional employee and out of view of other students. A record will be maintained of each instance of corporal punishment.

A letter must be presented each school year, to the campus administrator, if a parent or guardian does not want corporal punishment administered to a student as a disciplinary management technique. You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

School Safety Transfers

As a parent, you may:

- Request the transfer of your child to another classroom if your child has been determined by the campus principal to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. Contact the Superintendent's office for information. [See policy FDB and FFI (LOCAL).]
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus.
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE(LOCAL).]
- Request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same

campus, whether the assault occurred on or off campus and that student has been convicted of or placed on deferred adjudication for that assault. [See policy FDE]

Requesting Classroom Assignment for Multiple Birth Siblings

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. See policy FDB (LEGAL).

Parents of Students with Disabilities

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding any transportation prior to requesting a transfer for any other children in the home. [See policy FDB (LOCAL).]

Request for the Use of a Service Animal

A parent of a child who uses a service animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service animal on campus.

Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of school districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights if they disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

Additional information regarding the individuals with disabilities Education Act (IDEA) is available from the school district in a companion document, A Guide to the Admission, Review, and Dismissal Process. The following Web sites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org/>
- Partners Resources Network, at <http://www.partnerstx.org/>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is Dr. Robert Cope at 936-348-2797.

Students With Physical or Mental Impairments Protected under Section 504

A child determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the child is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

The designated person to contact regarding a referral for evaluation applicable to Section 504 is Dr. Robert Cope at 936-348-2797.

[Also see policy FB.]

Parents of Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for extra services, the Language Proficiency Assessment Committee (LPAC) will determine the type of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Accommodations for Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent related to leave or deployment activities may be excused by the district. Additional information may be found at <http://www.tea.state.tx.us/index2.aspx?id=7995>.

Student Records

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a post-secondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

- District school officials who have what federal law refers to as a "legitimate educational interest" in a student's records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. "Legitimate educational interest" in a student's records includes working with the student; considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility; or investigating or evaluating programs.
- Various governmental agencies, including juvenile service providers.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent's office is Madisonville CISD, 718 Bacon Street, Madisonville, Texas, 77864.

The addresses of the principals' offices are:

- Madisonville High School, 811A South May, Madisonville, Texas 77864
- Madisonville Junior High, 811 C South May, Madisonville, Texas 77864
- Madisonville Intermediate School, 1000 Raney Lane, Madisonville, Texas 77864
- Madisonville Elementary School, 926 Raney Lane, Madisonville, Texas 77864

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the campus principal. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG (LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG (LEGAL), **Report Cards/Progress Reports and Conferences** on page 66 for an overview of the process.] The district's policy regarding student records found at FL (LEGAL) and (LOCAL) is available from the principal's or superintendent's office and on the district's Web site at www.madisonvillecisd.org.

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901

Directory Information

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student’s directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” included in this handbook OR included in the forms packet.]

Directory Information for School-Sponsored Purposes

The district often needs to use student information for school-sponsored purposes. For these purposes the district would like to use your child’s: name, address, telephone listing, e-mail address, photograph, date and place of birth, major field of study, degrees, honors, and awards received, dates of attendance, grade level, most recent school previously attended, participation in officially recognized activities and sports, and weight and height, if a member of an athletic team. This information will not be used for other purposes without the consent of the parent or eligible student, except as described above at **Directory Information**.

Unless you object to the use of your child’s information for these limited purposes, the school will not need to ask your permission each time the district wishes to use this information for the school-sponsored purposes listed above.

Release of Student Information to Military Recruiters and Institutions of Higher Education

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. A form has been attached for you to complete if you do not want the district to provide this information to military recruiters or institutions of higher education.

SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is conveniently organized in alphabetical order to serve as a quick-reference when you or

your child has a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact the campus administration.

ABSENCES/ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18th birthday is required to attend each school day until the end of the school year. If a student 18 or older has more than five unexcused absences in a semester the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA]

Students enrolled in prekindergarten or in kindergarten are required to attend school.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument. A student in grades 3-8 will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

Truancy

Students will be classified as truant if they miss school willingly (ex. skipping one or more classes). A student may be given a 30 point grade penalty for all work missed due to truancy. A student may request a hearing before an attendance review committee in order to get credit for work missed. The actions and decisions of the committee are final. Students may also receive disciplinary action for being truant per the discretion of the presiding judge.

Exemptions to Compulsory Attendance

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all the work. These include the following activities and events:

- Religious holy days;

- Required court appearances;
- Activities related to obtaining United States citizenship;
- Service as an election clerk; and
- Documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student's return to campus.

In addition, a junior or senior student's absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Failure to Comply with Compulsory Attendance

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed "accelerated instruction" by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

For a student younger than 12 years of age, the student's parent could be charged with a criminal offense based on the student's failure to attend school.

If a student age 12 through age 17 violates the compulsory attendance law, both the parent and the student could be charged with a criminal offense.

[See policy FEA (LEGAL)]

Attendance for Credit

To receive credit in a class, a student in kindergarten-grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit for the class if he or she completes a plan, approved by the principal that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit for the class.

To receive credit or a final grade in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether

there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policies at FEC].

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG (LOCAL). The actual number of days a student must be in attendance, in order to receive credit will depend on whether the class is for a full semester or for a full year.

Official Attendance-Taking Time

The district must submit attendance of its students to the Texas Education Agency (TEA) reflecting attendance at a specific time each day.

Official attendance is taken every day during the second instructional hour.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence

When a student is absent from school, the student—upon returning to school—must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older or is an emancipated minor under state law. Please note that, unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence.

Doctor's Note after an Absence for Illness

Upon return to school, a student absent for more than three consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school. [See policy FEC (LOCAL)]

Driver License Attendance Verification

For a student between the ages of 16 and 18 to obtain a driver license, written permission must be provided for the Texas Department of Public Safety (DPS) to access the student's attendance records and, in certain circumstances, for a school administrator to provide the student's attendance information to DPS.

AWARDS AND HONORS

Honor rolls shall be posted each grading period and shall consist of students who meet the following criteria: All A Honor Roll-Students who receive all A's (90-100) for the 9 week grading cycle will be recognized on the All A Honor Roll, which will be run each 9 weeks. Students who are on the All A Honor Roll for the 1st, 2nd, and 3rd 9 weeks and for the first 6 weeks of the 4th 9 weeks will be recognized on the All A Honor Roll for the school year. AB Honor Roll-Students who received all A's (90-100) and B's (80-89) for the 9 week cycle grade will be recognized on the B Honor Roll, which will be run each 9 weeks. Students who are on the AB Honor Roll for the 1st, 2nd, and 3rd 9 weeks and for the first 6 weeks of the 4th 9 weeks will be recognized on the AB Honor Roll for the school year.

Distinguished Honor Roll-Students who take 2 or more Honors/Pre-AP/AP/Dual Credit courses for the year and A's (90-100) for the 9 week cycle grade will be recognized on the Distinguished Honor roll each nine weeks. Students who are on the Distinguished Honor Roll for the 1st, 2nd, and 3rd 9 week cycle and the 1st 6 weeks of the 4th 9 weeks will be recognized on the Distinguished Honor Roll for the school year.

BELL SCHEDULES – see pages 85-87.

BULLYING

Bullying occurs when a student or group of students engages in written or verbal expressions or physical conduct against another student and the behavior:

- Results in harm to the student or the student's property,
- Places a student in fear of physical harm or of damage to the student's property, or
- Is so severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of

valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, called “cyberbullying.”

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The board has established policies and procedures to prohibit bullying and to respond to reports of bullying.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district.

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

CAFETERIA SERVICES

The district participates in the National School Lunch Program and offers students nutritionally balanced meals daily. Free and reduced-price lunches are available based on financial need. Information about a student’s participation is confidential. Applications may be obtained from the Child Nutrition Office located in the MCISD Administration Office or at each campus.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO.]

The Child Nutrition Program utilizes a MCISD-assigned student identification number for its computerized accounting system in all cafeterias. This system is designed to keep records of all transactions in the district’s cafeterias.

The Child Nutrition Program has a “no charge” policy. Parents/guardians may pay daily, weekly, or monthly in dollar amounts as determined by family income.

MCISD offers “universal free breakfast” for ALL students enrolled in the district. Full price lunch at elementary and intermediate are \$2.25 and \$2.50 at junior high and high school.

Students without sufficient money will be offered a sandwich and milk until they bring money for their meal account.

Money should be brought to the cafeteria between 7:30-8:30 a.m. on any school day. Checks should be made payable to CN Department. No out of state checks will be accepted. Madisonville CISD has established the following procedure for accepting checks and collecting bad checks. Checks must include your current, full and accurate name, address, telephone number, driver’s license number and state. When paying by check you authorize the recovery of the unpaid check(s) and the recovery of the state allowed fee by means of electronic re-presentment or by paper draft.

Questions and/or concerns about the Child Nutrition Program may be addressed to Kelley Terry, Child Nutrition Director at (936) 349-8067.

Lunch Money Now is a web-enabled service for parents and students of Madisonville CISD. It allows you to check your student's cafeteria activity, meal history and make deposits to their cafeteria accounts using your credit/debit card all in real time over the internet.

Student balances are automatically updated with credit card deposit amounts on the hour during the school day—no action is required on your part! Funds from the credit card transactions are directly deposited in the School District’s checking account.

Parents have the capability to access a student’s cafeteria account through the internet via a link on the School District’s web site, www.madisonvillecisd.org. Click on the ***Child Nutrition*** link and then on the ***Lunch Money Now*** link and follow these instructions.

Click ***Get Balance*** to see that Student’s balance.

From the balance display screen the following actions may be performed:

Click ***Search/Add Another*** to return to the main entry screen and find another student

Click ***View Cart*** to view deposits made in the current session in the shopping cart.

Enter an amount in the ***Deposit Amount*** field and click Add to Cart to deposit money for that student.

From the view cart display screen (reached by pressing View Cart or Add to Cart) the following actions may be performed:

Click ***Search/Add Another*** to return to the main entry screen and find another student.

Click ***Empty Cart*** to remove all deposits from the shopping cart.

Click ***Check Out*** to begin processing of credit card data from secure site. (Demo version is not live with transaction processing gateway. Live version collects credit card data on another screen.)

When finished, click ***Log Out*** [Close Browser] link or (manually close browser) to

disconnect from Lunch Money Now session. (Shopping cart data—no credit card information—is retained in a session cookie that is removed upon closing the browser.)

If you have trouble accessing student meal accounts, call the Child Nutrition Department at 936-349-8067.

CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS

The district offers career and technical education programs including but not limited to agricultural science and technology, family and consumer sciences, marketing education, and office education. Admission to these programs is based on the student's perceptions of occupational goals and their desire to acquire information and skills in these chosen areas.

Madisonville CISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs. [Also see **Statement of Nondiscrimination** on page 2 for additional information regarding the district's efforts regarding participation in these programs.]

CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN

As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the campus counselor or principal will provide information regarding counseling options for you and your child available in your area. Questions regarding child sexual abuse and other maltreatment of children may be forwarded to Dr. Robert Cope, in the Special Programs Department at 936-348-2797. The Texas Department of Family and Protective Services (TDFPS) also manage early intervention counseling programs. To find out what services may be available in your county, see

[http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp).

The following Web sites might help you become more aware of child sexual abuse:

<http://www.childwelfare.org/pubs/factsheets/signs.cfm>

<http://sapn.nonprofitoffice.com/>

<http://www.taasa.org/member/materials2.php>

http://www.oag.state.tx.us/AG_Publications/txts/childabuse1.shtml

http://www.oag.state.tx.us/AG_Publications/txts/childabuse2.shtml

Reports may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (1 800-252-5400 or on the Web at <http://www.txabusehotline.org>).

CLASS RANK / HIGHEST RANKING STUDENT

All graduating students shall be ranked by grade point average to the third decimal place. The ranking shall be assessed twice each school year, at the end of each term. Seniors shall be ranked as of the Friday of the first full week in May or upon completion of all senior-level dual credit college courses. If the averages of two or more students are identical, a tie shall be declared.

All grades on a student's transcript (except correspondence and credit by exam grades), including failing grades, repeated courses, and summer school, shall be included in determining a student's grade point average and rank in class except for grades earned in a non-weighted course. All courses taken at junior high for high school credit will not be counted in computing grade point averages except for Algebra 1 and Spanish I.

Students graduating at midyear shall be ranked at the end of the year.

Students graduating after the end of the school year shall be ranked when all requirements are met (EOC exams, credit by exam, correspondence course, etc.) and shall not be allowed to displace in rank a student who graduated at the end of the school year.

Students who attend high school for more than 4 school years (5th year seniors) shall be ranked according to the class with which they should have graduated and shall not be allowed to displace in rank a student who graduated on time.

Weighted Averages

Grade point averages for advanced/weighted courses are computed on an honors scale using the Grade Weighted Table. Completing the weighted courses will boost the grade point awarded by 10% per course. The calculation of weights for earlier graduating classes shall be according to the rules in force for that graduating class. Contact the high school counseling staff for a list of weighted courses.

Honor Graduates

To be eligible for honor graduate designation, a student shall have a cumulative grade point average of 4.0 or higher on a weighted 6.0 scale. In addition, students must:

- Be ranked in the top 15% of their class;
- Be pursuing a Recommended or Distinguished Achievement Graduation Program;
- Grades earned in courses with 0.0 weighted grade point averages will count neither for nor against the rank in class;
- A student shall have attended the District high school his or her last 18 week term.

Valedictorian/Salutatorian

To be eligible for valedictorian or salutatorian honors, a student shall be required to:

- Have attended the district high school for their entire junior and senior school years;
- Graduate under the Recommended or Distinguished Achievement Graduation program.

Early Graduates

A student wishing to graduate in less than four years shall make written application to the appropriate level counselor. The building principal and Superintendent must approve three-year graduation plans.

If a student is planning to graduate in three and one-half years, an application for early graduation must be received by the counselor by the end of a student's junior year. The school counselor and building principal must approve three and one-half year graduation plans.

Students who graduate in December shall not be eligible to participate in any senior functions during the spring term. December graduates shall be permitted to apply for all scholarships in which other members of the same class are eligible.

Students entering grade 9 in the 2014–15 school year will be under a different graduation program than previous school years. Therefore, class ranking procedures may be adjusted by the district based on the new graduation plan. As these decisions are made, the district will make the information available to the students affected by these changes.

CLASS SCHEDULES

Schedules will be changed if necessary or if requested by a student or parent on a limited basis. Changes may be made after the beginning of school only for equalizing teacher loads, teacher recommendation, correcting mistakes, and/or any other logistical necessity determined by the campus administration. Only the principal or designee will authorize schedule changes. Students will not be able to request a schedule change after the 1st week of school.

CLUBS

Student clubs and performing groups, such as band, choir, athletics, Student Council, cheerleaders, etc. may establish rules of conduct and consequences for misbehavior that

are stricter than those for students in general. If there is a violation of school rules, the consequences will be specified by the organization. See the sponsor for the individual rules.

The following clubs and organizations recognized by Madisonville CISD include but are not limited to: Honor Society, Beta Club, FFA, FCCLA, Athletics, Teen Leadership, Yearbook, Student Council, Spanish Club, Drama, Thespian Society, Chess Club, DECA, Youth for Christ, and Fellowship of Christian Athletes.

COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University's enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2014 term, the University will be admitting the top seven percent of the high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admission policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the counselor for further information about the application process and deadlines.

[See also **Class Rank/Highest Ranking Student** on pages 28 and 29 for information specifically related to how the district calculates a student's rank in class.]

COLLEGE CREDIT COURSES/DUAL CREDIT COURSES

Students will be permitted to take college-level courses while attending Madisonville High School. All costs for these courses will be the responsibility of the student. Dual credit hours may not transfer to all post-secondary institutions. A student must have a 70% average to earn high school credit for the dual-credit college course(s). Please check with your high school counselor for further information.

COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG (LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or on the district's Web site at www.madisonvillecisd.org

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

CONDUCT

Applicability of School Rules

As required by law, the board has adopted a *Student Code of Conduct* that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the *Student Code of Conduct*. Students and parents should be familiar with the standards set out in the *Student Code of Conduct*, as well as campus and classroom rules. Policies and procedures outlined in the *Student Code of Conduct* also apply to any periods of instruction during the summer months.

Alternative Education Placement

Repeated violations of school policies and procedure and/or inappropriate behavior established in the discipline management plan may be cause for student placement in the alternative education center off of the regular campus. An administrative conference will be conducted prior to student placement. For further explanation of this program, please refer to Board Policy FOA and the Student Code of Conduct.

A student removed to a Disciplinary Alternative Education Program (DAEP) during the school year will have an opportunity to complete a course needed to fulfill the student's high school graduation requirements before the beginning of the next school year. The district may provide the opportunity to complete the coursework through any method available. The district will not charge the student for any method of completion provided by the district.

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course or distance learning. Students and their parents are encouraged to discuss the options with the teacher or counselor to ensure the student completes all work required for the course or grade level.

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules and the Student Code of Conduct apply to all school social events (Example: Prom). Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest. Anyone leaving before the official end of the event will not be readmitted.

CHEATING/PLAGIARISM

Plagiarism consists of using another person's original ideas or writing as one's own without giving credit to the true author. Plagiarism will be considered cheating. Cheating is defined as:

- Copying the work of another student;
- Supplying information to others;
- Presenting the work of another student as one's own;
- Not following test directions as given by teacher;
- Preparing in advance to cheat possession of notes, copies of tests, etc.;
- Copying work from the internet;

- Failure to identify sources.
- Students caught cheating will receive a grade of “0” for the assignment in question and may be subject to other disciplinary actions.

CONTAGIOUS DISEASES / CONDITIONS

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal’s office can provide information from the Department of State Health Services regarding these diseases.

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 9 to 12 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities.

To plan for the future, each student should work closely with the counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor may contact a teacher, administrator, or the counselor.

Psychological Exams, Tests, or Treatment

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent’s written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to FFE (LEGAL) and FFG (EXHIBIT).]

COURSE CREDIT

A student in grade 9-12 will earn a credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student combined average be less than 70, the student will be required to retake the semester in which he or she failed.

CREDIT BY EXAM—If a Student Has Taken the Course

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the principal, or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school.

The counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the counselor and policy EHDB (Local).]

CREDIT BY EXAM—If a Student Has Not Taken the Course

A student will be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction. If a student plans to take an exam, the student (or parent) must register with the principal no later than 30 days prior to the scheduled testing date. Testing dates are the first week in June and December. A student will earn course credit with a passing score of at least 90 on the exam. The district will honor a request by a parent to administer a test on a date other than the published dates. The student's parent will be responsible for the cost of the exam. [For further information, see EHDC (LOCAL).]

CRIMINAL ACTIVITY

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1000 feet of any district-owned or leased property or campus playground.

Dating Violence, Discrimination, Harassment, and Retaliation

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are

expected to treat other students and district employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. [See policy FFH]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office [or on the district's website at www.madisonvillecisd.org.]

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

Sexual harassment of a student by an employee, volunteer, or another student is prohibited.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation

Retaliation against a person, who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include, but are not limited to, threats, assault, destruction of property, unjustified punishment, or unwarranted grade reduction. Retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH (LOCAL) for the appropriate districts officials to whom to make a report.

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The district will notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The district may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG (LOCAL).

Discrimination

In its efforts to promote nondiscrimination, the district makes the following statements:

Madisonville CISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex: Dr. Robert Cope, Assistant Superintendent of Special Programs, P.O. Box 879, Madisonville, TX 77864 or 936/348-3720
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Dr. Robert Cope, Assistant Superintendent of Special Programs
- All other concerns: See the superintendent.

Distance Learning

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television. Depending on the course in which a student enrolls, the course may be subject to the "no pass, no play" rules. [Also see **Extracurricular Activities, Clubs, and Organizations** on page 47.] If you have any questions or wish to make a request that your child be enrolled in a course, please contact the counselor.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school yearbook is available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials...from students

Students must obtain prior approval from the campus principal or designee before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

Please contact the campus administrator to determine the location for approved nonschool materials to be placed for voluntary viewing by students. [See policies at FNAA.]

A student may appeal a decision in accordance with policy FNG (LOCAL). Any student who posts nonschool material without prior approval will be subject to disciplinary action in accordance with the *Student Code of Conduct*. Materials displayed without the approval will be removed.

Nonschool Materials...from others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the Superintendent's office for prior review. The Superintendent will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD (LOCAL) or a non-curriculum-related student group meeting held in accordance with FNAB (LOCAL).

- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The district's dress code is established to teach grooming and hygiene, prevents disruption, and minimizes safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

While some fashions are acceptable outside the school environment, Madisonville CISD has adopted a dress and grooming code that is acceptable in a formal school setting. Parents are asked to ensure compliance with the dress code standards for their children when they are in the school environment. With this philosophy in mind, MCISD has adopted the following "Standards of Dress and Grooming" on the premise that students who dress and groom themselves neatly and in a socially acceptable and appropriate manner are more likely to become constructive members of the school environment.

Apparel

1. Apparel that displays obscene prints, symbols, lewd, vulgar, obscene, or suggestive language/design is prohibited.
2. Advertisements or symbols that can be interpreted as promoting, depicting, or insinuating the use of drugs, alcohol, tobacco products, demonism, satanic symbols, violence, or of a sexual nature are prohibited on all apparel.
3. Trench coats are prohibited.

Shirts, Blouses, and Dresses

1. Sleeveless shirts, blouses, and dresses must be hemmed to fit around the arm.
2. Shirts and blouses that show the torso are prohibited at all times.
3. Tank tops, backless shirts, and spaghetti straps are prohibited.
4. See through blouses, immodest and revealing shirts or dresses are prohibited.
5. Undergarments must not be exposed.

Shorts, Pants, Skirts, and Dresses

1. All shorts, pants, skirts, and dresses should cover three-quarters of the thigh.
2. Suspenders and overalls straps must be worn over the shoulders.
3. All shorts, pants, skirts, and dresses must be fitted properly at the waist, and not sag.
4. Sleepwear, "pajama style" pants, yoga pants, or pants that break or tear away are prohibited. Bike, spandex, boxer, wind shorts, and other similar garments are prohibited. Sweat suits/pants and wind suits/pants are allowed. However, sweat pants with writing on the rear are not allowed.
5. Holes, rips, tears, or frays (adjustments) to clothing above the knee and excessive adjustments below the knee may not be allowed.

6. Dresses and skirts must not be split up the front, sides, and back more than one-quarter of the thigh.

Hair

1. Hair shall be kept clean.
2. The use of natural color hair dye is permitted for girls only. Any unnatural hair colors and/or multiple colors are prohibited on girls. Boys may not color their hair.
3. Any unusual streaks or patterns, including but not limited to, styles such as mohawks, dreadlocks, spikes, cuts in the eyebrows, and shaving all or parts of the head are prohibited.
4. The length of hair for male students shall not extend more than three inches from the head. Hair will be no longer than eyebrow length, will not be below the ears, and will not be below the bottom of the collar. Braids and ponytails are prohibited for males.

Facial Hair

A moustache that does not come below the mouth line is acceptable. Students are to be clean-shaven. Beards and goatees are not allowed. Sideburns must not come below the bottom of the ear.

Accessories

1. Chains that attach to pants or wallets are prohibited.
2. Extreme accessories such as black lipstick and black finger nail polish are prohibited.
3. Visible body piercing and tattoos are prohibited. Piercings may not be covered.
4. Ear wear is acceptable for girls.
5. Hats, caps, bandanas, and sunglasses may not be worn inside the building.
6. Any necklace or ornament that is offensive may not be worn.
7. House shoes, shower thongs, and other inappropriate footwear will not be allowed.
8. Any removable teeth/tooth coverings of any kind are prohibited.

Compliance with the Standards of Dress and Grooming

These standards of dress and grooming are in effect for school and all school related activities. The campus administration will be the sole authority in deciding whether a student's appearance meets the standards set forth by Madisonville CISD. Any violations of these standards are subject to the disciplinary measures specified in the student Code of Conduct. Students, teachers, parents, and administration must work together to assume responsibility for complying and enforcing the dress code adopted by the Madisonville Consolidated Independent School District.

ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES

Possession and Use of Personal Telecommunications Devices, Including cell phones

Student cell phones will not be visible or activated during the instructional school day without the approval of the teacher, administrator, or designee. Students will be assessed a \$15.00 fine each time a cell phone is confiscated for violation of this policy. Students are not permitted to possess other items such as: radios, CD players, MP3 players, video or audio recorders, DVD players, cameras, games, or other electronic devices at school. Unless prior permission has been obtained, from the principal, these devices will be confiscated. Parents may retrieve confiscated items from the principal's office for a fee of \$15. Devices that are not retrieved will be disposed of after the notice required by law. [See policy FNCE.]

State traffic laws prohibit vehicle operators from using a wireless communication device while traveling in a school crossing zone.

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel.

Any disciplinary action will be in accordance with the *Student Code of Conduct*. The district will not be responsible for any damaged, lost, or stolen electronic device.

Acceptable Use of District Technology Resources

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned computers and technology resources for instructional purposes; specific resources may be issued individually to students. Use of these computers and technology resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology

Students are prohibited from possessing, sending, forwarding, posting, accessing or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such message is district-owned or personally owned, if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting", will be disciplined according to the *Student Code of Conduct* and may, in certain circumstances, be reported to law enforcement.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequences may rise to the level of expulsion.

INTERNET USE POLICY

Students shall not access any objectionable material or inappropriate material. Students shall not post defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, offensive, or illegal material. Violation of our internet safety and responsibility use policy (refer to Appendix A-4) will result in disciplinary action. Note Student code of conduct and board policy CQ.

MADISONVILLE CONSOLIDATED ISD INTERNET SAFETY AND RESPONSIBLE USE POLICY FOR STUDENTS

Overview:

The Madisonville Consolidated Independent School District provides Internet access to students to promote educational excellence in our schools by facilitating resource sharing, innovation, and communication. If a MCISD user violates any of these provisions, he/she will be subject to loss of privileges on the district's system and will be subject to disciplinary action in accordance with the Student Code of Conduct. This could result in loss of credit for students. A system user is defined as an employee, contracted personnel, or student of MCISD who has access to the computers and/or electronic communication system.

MCISD is required to monitor the online activities of minors, and educate minors about appropriate online behavior, including interacting with other individuals on social networking websites in chat rooms and cyberbullying awareness.

Regulations and Guidelines:

The superintendent or designee will oversee the district's electronic communications system. The district's system will be used only for administrative and educational purposes consistent with the district's mission and goals.: "monitoring the online activities of minors, and provides for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites in chat rooms and cyberbullying awareness."

System Access

Access to the district's electronic communications system will be governed as follows: Upon agreeing to the MCISD's Internet Safety and Responsible Use Policy contained in the student handbook, students will be granted access to the district's system. Any student user identified as a security risk or having violated district and/or campus computer-use guidelines may be denied access to the district's system. Other consequences may also be taken.

System Conduct

1. All students using the internet and MCISD network will be responsible at all times for its proper use.
2. The system may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by district policy.
3. System users may not redistribute copyrighted programs or data without the written permission of the copyright holder or designee. Such permission must be specified in the document or must be obtained directly from the copyright holder or designee in accordance with applicable copyright laws, district policy, and administrative regulations.
4. Real-time discussions such as chat room and instant messaging are prohibited.
5. Students may not distribute personal information about themselves or others by means of the electronic communication system.
6. System users may not send or post messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another s reputation, illegal, or violent.
7. System users may not purposefully access or redistribute materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another s reputation, illegal or violent.
8. System users may not waste District resources related to the electronic communication system.
9. System users may not gain unauthorized access to resources or information.
10. All system users are prohibited from playing any type of computer or network game, downloading music, or accessing streaming media not directly related to an approved MCISD curriculum.

Vandalism

Any malicious attempt to harm or destroy district equipment or materials, data of another user of the district s system, or any of the agencies or other networks that are connected to the Internet is prohibited. Deliberate attempts to degrade or disrupt system performance may be viewed as violations of district policy and administrative regulations and, possibly, as criminal activity under applicable state and federal laws. This includes, but is not limited to, the uploading or creating of computer viruses.

Vandalism as defined above will result in the cancellation of system use privileges and will require restitution for costs associated with system restitution, hardware, or software costs.

Forgery

Forgery or attempted forgery of electronic mail messages is prohibited. Attempt to read, delete, copy, or modify the electronic mail of other system users to send/receive electronic mail is prohibited.

Information Content/Third Party Supplied

System users and parents of students with access to the district's system should be aware that use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material. A student who gains access to such material is expected to discontinue the access as quickly as possible and to report the incident to the supervising teacher.

A student knowingly bringing prohibited materials into the school's electronic environment will be subject to a suspension and/or a revocation of privileges on the district's system and will be subject to disciplinary action in accordance with the Student Code of Conduct. This could result in loss of credit for students.

Termination of Access

The district may suspend or revoke a system user's access to the district's system upon violation of district policy and/or administrative regulations regarding acceptable use. The termination of a student's access will be effective on the date the principal or district coordinator receives notice of student withdrawal or of revocation of system privileges, or on a future date if so specified in the notice.

Consequences of Improper Use

Improper or unethical use may result in disciplinary actions consistent with the existing Student Discipline Policy and, if appropriate, the Texas Penal Code, computer Crimes, Chapter 33, or other state and federal laws. This may also require restitution for costs associated with system restoration, hardware, or software costs.

Disclaimer

The district's system is provided on an as is, as available basis. The district does not make any warranties, whether expressed or implied, including, without limitation, those of merchantability and fitness for a particular purpose with respect to any services provided by the system and any information or software contained therein. The district does not warrant that the functions or services performed by, or that information or software contained on, the system will meet the system user's requirements, or that the system will be uninterrupted or error-free, or that defects will be corrected.

Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third party individuals in the system are those of the providers and not the district. The district will cooperate fully with the local, state, or federal officials in any investigation concerning or relating to misuse of the district's electronic communication system.

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing inter-district competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. [See <http://www.uil texas.org> for additional information.]

The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70% in any academic class may not participate in extracurricular activities for at least three school weeks. The eligibility standard for dual-credit college courses is 60%. An ineligible student may practice or rehearse, however. The student regains eligibility when the principal and teachers determine that he or she has: (1) earned a passing grade (70 or above) in all academic classes, and (2) completed the three weeks of ineligibility.) Ineligibility begins seven days after the end of the previous grading period.

A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- To be eligible at the beginning of a school year, a student must have been promoted or have accumulated the required number of credits as required by the UIL. Also, a student must meet all other UIL requirements for competitive activities sanctioned by the UIL including but not limited to: age, residency, date of enrollment, parent/guardian issues. Any questions regarding UIL compliance should be directed to the coach or sponsor responsible for the activity in question.
- A student must be in attendance at school at least half of the day of a contest. If the contest is not a school day, the student must be in attendance the last school day prior to the contest. (The principal has discretion in applying this rule.)
- Coaches/sponsors may develop their own rules which may be more stringent.
- Students assigned to ISS will not be allowed to participate in or attend any extracurricular activity during the week he/she is assigned. All students assigned to ISS will be eligible to participate in extracurricular activities the first Monday Upon completion of the assignment. Students will not be eligible during the middle of a week. Any student assigned to ISS more than once (2 or more times) during a school year will not be eligible for extracurricular activities for the remainder of the year.

- STUDENTS ASSIGNED TO THE ALTERNATIVE PROGRAM (AEP or DAEP) MAY NOT PARTICIPATE IN EXTRACURRICULAR ACTIVITIES DURING PLACEMENT. STUDENTS MAY RETURN TO EXTRACURRICULAR ACTIVITIES AFTER A WAITING PERIOD NO LESS THAN THE NUMBER OF DAYS THEY WERE ASSIGNED TO DAEP. ANY STUDENT WHO IS IN DAEP WILL NOT BE ALLOWED TO ATTEND EXTRACURRICULAR ACTIVITIES REGARDLESS OF THE LOCATION.
- Absences related to extracurricular activity participation are subject to the administrative discretion of the campus principal or designee. Excessive absences may result in the limiting of activities for the student(s) in question. All extracurricular activities and public performances, whether UIL activities or other activities approved by the Board of Trustees, may be subject to these restrictions.
- An absence for participation in an activity that has not been approved may receive an unexcused absence.
- Drug Testing Policy-all students who participate in any extracurricular activity will be subject to our random drug testing policy. Before a student can participate in any extracurricular activity the parent/guardian and student must sign a release agreeing to the student participating in our drug testing policy. Also, any student assigned to DAEP must pass a drug test before returning to the main campus. Please refer to the complete policy procedures in our Student Code of Conduct.
- Any student charged with an alcohol or drug related offense may be removed from extracurricular activities for the remainder of the school year. If the charge involves placement in DAEP, all rules in regard to said placement will apply.

Standards of Behavior

Sponsors of student clubs and performing groups, including but not limited to, band, choir, cheerleading, and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

OFFICES AND ELECTIONS

Eligibility:

A student must meet all requirements for the position/election they wish to participate as set forth by the organization and/or sponsor in conjunction with the campus administration.

A student may not be 19 before the first day of September of the school year.

A student must be enrolled by the first day of the second week of school or must be enrolled for 15 school days prior to participating in the election or taking office.

A student is ineligible for one year if his/her parents live outside the district.

A student must have been promoted or have acquired the necessary number of credits at the beginning of the school year to be classified with his/her appropriate grade level. Please see the **GRADE CLASSIFICATION** section below for further clarification.

FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that requires use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school.
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus administrator.

[For further information, see policy FP.]

Class Dues

Class dues paid during the junior and senior years of high school will finance activities such as prom and senior trip. The class at the beginning of each school year will determine the amount of dues. Students who do not pay dues during their junior year will be required to pay that amount plus the amount of senior dues in order to participate in the senior trip or other activities, with the exception of graduation. (Unpaid dues will not prohibit students from participating in graduation.) Students who have paid dues but become ineligible to participate because of disciplinary matters will not receive a refund of those dues.

FUND-RAISING

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes under the supervision an approved sponsor. An application for permission must be made to the appropriate administrator at least ten days before the event. [For further information, see policies at FJ and GE.]

Student participation in approved fund-raising activities shall not interfere with the regular instructional program. Funds raised shall be received, deposited, and disbursed in accordance with board policy.

GANG-FREE ZONES

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offenses if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

GRADE CLASSIFICATION

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
12	Grade 11 (Junior)
18	Grade 12 (Senior)
27	Graduate

Students will not be reclassified during the school year except students graduating at the end of the current year.

PRIOR TO RECEIVING A HIGH SCHOOL DIPLOMA AND PARTICIPATING IN THE GRADUATION CEREMONY, STUDENTS MUST SUCCESSFULLY PASS THE REQUIRED STATE END-OF-COURSE ASSESSMENTS.

All required courses must be successfully completed (earned a passing grade) or that course must be repeated until it is successfully completed. Elective courses do not have to be repeated, but the credit is lost if the course is not successfully completed (earned a passing grade). Failure to attend the class the required number of days per semester will result in an NG (No Grade—No Credit).

GRADING GUIDELINES

In Kindergarten, the District shall report grades to parents as letter grades.

E =	90-100	Above Expectations
S =	80-89	Quality
N =	70-79	Needs Improvement
U =	69 and Below	Below Expectations

The 1st-12th grading system in the District shall be as follows:

A	90 -- 100	indicates excellent work
B	80 -- 89	indicates good work
C	70 -- 79	indicates passing and average work
F	69 or below	indicates failure

Attitude and effort of a student shall be marked according to the following scale:

E	Excellent
	Seeks opportunities to serve, cooperate in all projects, is courteous and attentive. Does more than his/her share, is considerate of others.
S	Satisfactory
	Does what is asked of him/her.
N	Needs Improvement
	Shows little interest, is reluctant to cooperate. Rarely volunteers.
U	Unsatisfactory
	Shows no interest, disturbs others, is disrespectful.

Elementary and Intermediate

1. Must be fair and consistent within the nine weeks.
2. Semester grades for elementary and intermediate will be the sum of the two 9-week grades divided by two.

3. Language Arts Average

Average will be derived from daily assignments and test grades consisting of, but not limited to, Reading, Grammar, Writing, Vocabulary, and Spelling components.

Please note the following as it pertains to 4th grade:

a. 4th Grade Language Arts/Writing

Average will be derived from daily assignments and test grades consisting of, but not limited to, Writing, Grammar, and Spelling components.

a. 4th Grade Reading

Average will be derived from daily assignments and test grades consisting of, but not limited to, Reading and Vocabulary components.

4. Math, Science, and Social Studies Average

Average will be derived from daily assignments and test grades.

Jr. High and High School (See Board Policy EIA (LOCAL))

1. Must be fair and consistent within the nine weeks.
2. Semester grades for the junior high will be the average of the two 9-week grades. 9-week grades are calculated as follows:
 - i. 60% tests or major projects and 40% daily assignments.
3. 9-week (or cycle grade) for the high school will be calculated as follows:
 - i. 60% --tests or major projects (minimum 3 grades)
 - ii. 40% --daily average (minimum 10 grades)
4. Semester grade
 - i. 85% - average of the two 9-week final grades
 - ii. 15% - semester exam grade
 - iii. Note: An exam must be given for each class; however, individual students may meet the criteria for exemption.

Grades for whole-unit courses shall be calculated by averaging the final grades for the two semesters. Unless otherwise specified, courses shall be taught as independent semesters in secondary classes.

GRADUATION

Requirements for a Diploma

Requirements for a Diploma for a Student Enrolled in High School Prior to the 2014–15 School Year

To receive a high school diploma from the district, a student who was enrolled in high school prior to the 2014–15 school year must successfully:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state; and
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law.

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who enter grade 9 in the 2014–15 school year, as well as any currently enrolled high school student who decides to graduate under the new foundation graduation program, a student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education.

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. See the school counselor for more information on the state testing requirements for graduation.

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not

met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

Minimum, Recommended, and Advanced/Distinguished Achievement Graduation Programs

For students who were enrolled in high school prior to the 2014–15 school year, the district offers the graduation programs listed in this section. Students enrolled in high school prior to the 2014–15 school year also have the option to pursue the foundation graduation program as described below. Note that permission to enroll in the Minimum Program as described in this section will be granted only if a written agreement is reached among the student, the student’s parent or person standing in parental relation, and the school counselor or appropriate administrator. In order for a student to take courses under the Minimum Program, the student must be at least 16 years of age; have completed at least two credits each in English language arts, math, science, and social studies courses that are required for graduation; or have failed grade 9 one or more times. [See policy EIF(LEGAL).]

All students who were enrolled in high school prior to the 2014–15 school year must meet the following credit and course requirements for graduation under the programs listed or may choose to pursue the foundation graduation program.

Courses	Number of credits Minimum Program	Number of credits Recommended Program	Number of credits Advanced/ Distinguished Achievement Program
English/Language Arts	4	4	4
Mathematics	3	4	4
Science	2	4	4
Social Studies, including Economics	4	4	4
Physical Education*	1	1	1
Speech	0.5	0.5	0.5
Language other than English		2	3
Fine Arts	1	1	1
Electives**	10.5	6.5	5.5
Miscellaneous			Completion of 4 Advanced Measures***

Courses	Number of credits Minimum Program	Number of credits Recommended Program	Number of credits Advanced/ Distinguished Achievement Program
TOTAL	26 credits	27 credits	27 credits

* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, or social studies for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.

** State rules prohibit a student from combining a half-credit of a course for which there is an EOC assessment with another half-credit of an elective credit course to satisfy an elective credit requirement. However, the district will allow a student to satisfy a graduation requirement for which there are multiple options with one-half credit of one allowable option and one-half credit of another allowable option, if neither course has an EOC assessment.

*** A student graduating under the Advanced/Distinguished Achievement Program must also achieve a combination of four of the following advanced measures:

1. An original research project or other project that is related to the required curriculum. These projects must be judged by a panel of professionals or conducted under the direction of a mentor and reported to an appropriate audience. Please note that no more than two of the four advanced measures may be received from this option.
2. Test data where a student receives:
 - a. A score of three or above on an Advanced Placement (AP) exam;
 - b. A score of four or above on an International Baccalaureate (IB) exam; or
 - c. A score on the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) that qualifies the student for recognition as a commended scholar or higher by the College Board and National Merit Scholarship Corporation, as part of the National Hispanic Recognition Program (NHRP) of the College Board, or as part of the National Achievement Scholarship Program of the National Merit Scholarship Corporation. The PSAT/NMSQT score will count as only one advanced measure regardless of the number of honors received by the student.
3. College academic courses, including those taken for dual credit, and advanced technical courses, including locally articulated courses, provided the student scores the equivalent of a 3.0 or higher.

Foundation Graduation Program

Every student in a Texas public school who enters grade 9 in the 2014–15 school year and thereafter will graduate under a new program called the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript and diploma. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student. State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s diploma and transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy; in a dual credit course; on an AP or IB exam; on the PSAT, ACT-Plan, SAT, or ACT exam, which are national exams; or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

A student enrolled in high school prior to the 2014–15 school year has the option of graduating under the foundation graduation program rather than the programs identified above that would otherwise be applicable to that student. See the school counselor for additional information.

The foundation graduation program requires completion of the following credits:

Course Area	Number of credits Foundation Graduation Program	Number of credits Foundation Graduation Program with an Endorsement
English/Language Arts	4	4
Mathematics	3	4*
Science	3	4
Social Studies, including Economics	3	3

Course Area	Number of credits Foundation Graduation Program	Number of credits Foundation Graduation Program with an Endorsement
Physical Education**	1	1
Language other than English***	2	2
Fine Arts	1	1
Locally required courses	0.5 credit in Speech	0.5 credit in Speech
Electives	8.5	7.5
Miscellaneous		Available Endorsements****: Science, Technology, Engineering, and Math Business and Industry Public Services Arts and Humanities Multidisciplinary
TOTAL	26 credits	27 credits

* In order to obtain the distinguished level of achievement under the foundation graduation program, which will be denoted on a student's transcript and diploma and is a requirement to be considered for automatic admission purposes to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the four mathematics credits.

** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.

*** Students are required to earn two credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**** A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

Personal Graduation Plans for Students Under The Foundation Graduation Program

A personal graduation plan will be developed for each high school student who is subject to the requirements of the foundation graduation program. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student's personal graduation plan will denote an appropriate course sequence based on the student's choice of endorsement.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for all Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year.

Please be aware that not all courses are offered every year in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with disabilities who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP).

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain

enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony. [See policy FMH (LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress or whether an alternative assessment is more appropriate. STAAR Modified and STAAR Alternate are the alternative assessments currently allowed by the state. (See STANDARIZED TESTING for additional information.) If a student takes the STAAR Modified or the STAAR Alternate assessment, the student's ARD committee will determine whether the score on an EOC assessment will count as 15 percent of a student's final grade, as well as whether successful performance and a cumulative score on the EOC assessment will be required for graduation.

Graduation Speakers

Graduating students will be given an opportunity to provide opening and closing remarks during the graduation ceremony. Only those students who are graduating and hold one of the following neutral criteria positions of honor shall be eligible to use the limited public forum: student council officers, class officers of the graduation class, or the top three academically ranked graduates. (See FNA (local).)

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.

Dress Code for HS Graduation

Students who wish to participate in the ceremony must be properly dressed. Girls must wear dresses which do not exceed the length of the gown and appropriate colored shoes. Boys must wear dark-colored pants, light colored dress shirts, neck ties, and dark-colored shoes and socks. All graduation caps will be worn squarely on top of the head. No messages or additional decorations will be allowed on the caps or gowns.

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Advanced/Distinguished Achievement Program may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the counselor for information about other scholarships and grants available to students.

HARASSMENT

[See **Dating Violence, Discrimination, Harassment, and Retaliation.**]

HAZING

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include others students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

HEALTH-RELATED MATTERS

Student Illness

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis

State law requires the district to provide information about bacterial meningitis:

■ What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people fully recover. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management. Parasitic and fungal meningitis are very rare.

■ What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of fine, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

■ How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

■ How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing). The germ does not cause meningitis in most people. Instead most people become carriers of the germ for days, weeks or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

■ How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

■ **What should you do if you think you or a friend might have bacterial meningitis?**

You should seek prompt medical attention.

■ **Where can you get more information?**

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

*Please note that, the TDSHS requires at least one meningococcal vaccination between grades 7 and 10, and state guidelines recommend this vaccination be administered between age 11 and 12, with a booster dose at 16 years of age. Also note that, entering college students must now show, with limited exception, evidence of receiving a bacterial meningitis vaccination prior to taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus. Also, refer to Immunizations, below, for more information.

FOOD ALLERGIES

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at the superintendent's office. Also see policy FFAF.

HEAD LICE

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. Because lice spread so easily, the district will need to exclude any student found to have live lice until after treatment of an FDA-approved shampoo or cream rinse, which can be purchased from a drug store or grocery store.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent and inform the parent that the child will need to be picked up from school and will need to stay home until after treatment(s) is applied. After the student has undergone treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Physical Activity for Students in Elementary and Middle School

In accordance with policies at EHAB, EHAC, and FFA, the district will ensure that students in kindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school shall engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within a two-week period for at least four semesters.

For additional information on the district's requirements and programs regarding elementary, middle, and junior high school student physical activity requirements, please see the principal.

School Health Advisory Council (SHAC)

During the preceding school year, the district's School Health Advisory Council held meetings. Additional information regarding the district's School Health Advisory Council is available from the superintendent's office.

The duties of the SHAC range from recommending curriculum to develop strategies for integrating curriculum into a coordinated school health program encompassing school health services, counseling services, a safe and healthy school environment, recess recommendations, and employee wellness. See policies at BDF and EHAA.

Other Health-Related Matters

Physical Fitness Assessment

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

Vending Machines

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines contact the campus principal. [See policies at CO and FFA.]

Tobacco Prohibited

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. This also applies to electronic or other imitation tobacco products. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

Asbestos Management Plan

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact Frank Kelly, the Director of Maintenance, at 936-348-2797.

Pest Management Plan

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or want to be notified prior to pesticide application inside their child's school assignment area may contact Frank Kelly, Director of Maintenance.

HOMELESS STUDENTS

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Dr. Robert Cope, at 936-348-2797.

HOMEWORK

One of the first important steps we can take to improve homework is to determine valid purposes for doing it. A second important step is to determine the nature of homework activities. Assignments which meet the following criteria serve the cause of good homework:

- Does the homework serve a valid purpose?
- Is it well within the capabilities of the students?
- Has the class been thoughtfully motivated for the work?
- Is the work related to the material presented by the teacher?
- Are students entirely clear about what they are to do?
- Can the pupils do the work without the assistance of parents or others?
- Does the assignment minimize the temptation merely to copy information?
- Will the assignment be checked/graded?

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis (polio), hepatitis A, hepatitis B, and varicella (chicken pox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is required to register as a sex offender or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

[For further information, see policies FL (LEGAL) and GRA (LEGAL).]

LEAVING CAMPUS

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign

the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required. Students will not be allowed to leave campus during lunch without a parent.
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.
- Late Arrival to School (Tardies)
 - Students are considered tardy to class if they are not in their assigned seat when the bell rings. Students who enter class without proper supplies or documentation may be sent to obtain these items, but will be considered tardy. If more than ten minutes late to a class, an unexcused absence will be given. Disciplinary action occurs after the second tardy.

At Any Other Time During the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the campus administration.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

LIMITED ENGLISH PROFICIENCY STUDENTS

A student with English proficiency (LEP) is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language

Proficiency Assessment Committee (LPAC) will be formed, which consist of both district personnel and at least one parent representative. The student's parents must consent to any services recommended by the LPAC for a LEP student.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If a student qualifies for services and once a level of performance has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, may be administered to a LEP student. The Texas English Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make these decisions in conjunction with the LPAC.

MAKEUP WORK

Makeup Work Because of Absence

It is the student's responsibility to complete missed work within three days for the first day absent with an additional day for each additional day absent. Make-up of semester exams will be scheduled outside of regular classroom time. Tests and assignments prescheduled prior to the absence are due the day of return. A 30 point grade penalty may be given for work completed after a student receives an unexcused absence.

For any class missed the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

DAEP Makeup Work

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, distance learning, or summer

school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA (LEGAL).]

In-school Suspension Makeup Work

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO (LEGAL).]

MEDICINE AT SCHOOL

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
 - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
 - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
 - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
 - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication. If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF (LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on

perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

NONDISCRIMINATION STATEMENT

In its effort to promote nondiscrimination, Madisonville CISD does not discriminate on the basis of race, religion, national origin, gender, or disability in providing educational services, activities, and programs, including CTE programs, in accordance with Title VI of the Civil Rights Act of 1964, as amend; Title IX of the Educational Amendments of 1972; and Title II of the Americans with Disabilities Act of 1990 (ADA), as amended, which incorporated and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended. Questions regarding this statement may be addressed to Dr. Robert Cope, Assistant Superintendent of Special Programs, 936-348-2797.

NONTRADITIONAL ACADEMIC PROGRAMS

MCISD offers a special evening Adult and GED program, DAEP program, MASA (Marion Anderson Success Academy) and MIAA, a drop out recovery program. Please seek information from the Counselor's office.

PHYSICAL EXAMINATIONS / HEALTH SCREENINGS

A student who wishes to participate in, or continue participation in, the district's athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required to be submitted annually to the district.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. See policy EC (LEGAL) for more information.

PRAAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessment of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.*

- In order to be promoted to grade 6, students enrolled in grade 5 must have performed satisfactorily on the Mathematics and Reading sections of the grade 5 assessments in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 in the 2013–2014 school year must perform satisfactorily on the Mathematics and Reading sections of the grade 8 assessment in English.

Parents of a student in grade 5 or 8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. Such students will have two additional opportunities to take the test. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

A Personal Graduation Plan (PGP) will be prepared for any student in a junior high school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will identify the student's educational goals, address the parent's educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the counselor or principal and policy EIF.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

Junior High Promotion Policy

A student shall be promoted from one grade to the next on the basis of academic achievement. To be promoted from one grade level to the next, a student shall attain an overall average of 70 or above for the year in all courses taken. The overall average shall be derived by averaging the final numerical grade for all courses taken. If a student's grade average in any subject or course in "failing" or below 75 at the end of the first three weeks of any grading period, the student's parents shall be notified. In addition, students shall attain an average of 70 or above in at least three of the following subjects:

Language arts (including reading improvement if required to be taken)

Mathematics; Social studies; Science.

Campus assignment shall be at the discretion of the district in the event the student passes some, but not all, courses in the eighth grade.

The parent or guardian of each student who has not successfully completed a subject or course for any semester shall be notified by the district as soon as practical of any summer program available in the district that may permit his/her student to complete successfully the failed subjects or course.

Junior High Promotion Exercises:

To participate in Junior High promotion exercises, students must meet all local promotion requirements and have earned passing scores on required state assessments prior to the date of the ceremony.

Students who participate in promotion exercise must be properly dressed.

Girls must wear:

1. Dresses (mini-skirts or see-through blouses are not acceptable);
2. Appropriate footwear (no tennis shoes or sandals).

Boys must wear dress slacks and a dress shirt with appropriate footwear.

If a student is not properly dressed, he/she will not be allowed to participate in the ceremony.

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Progress reports will be issued to every student after the first and second three weeks of every nine week grading period: September 12 and October 3, 2014; November 7 and December 5, 2014; January 23 and February 13, 2015; April 10 and May 1, 2015. Report cards will be available to parents at the end of each nine weeks of every grading period. The grading periods end on: October 17, 2014; December 19, 2014; March 13, 2015; and June 5, 2015. Progress reports/report cards will be available within one week of the dates posted.

Report cards with the students' grades or performance and absences in each class or subject are issued to parents at the end of every nine weeks. Report cards and unsatisfactory progress reports must be signed by the parent and returned to school within

three days.

Teachers follow grading guidelines that have been approved by the superintendent and are designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG (LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

EXEMPTION FROM EXAMS (High School Students Only)

Students with an average of 90+, exempt with four or fewer absences. Students with an average of 80-89, exempt with three or fewer absences. Students with an average of 70-79, exempt with two or fewer absences. Three tardies would constitute one absence for exemption purposes. Students who are exempt would be expected to be at school on exam days until after roll call for 2nd period of the day. Students absent on exam days would be required to take exams upon return to school, without exception. No exemptions would be allowed for any student placed in ISS during the current term or in DAEP for the year. Additional campus guidelines regarding the administration of final exam exemptions are available from the campus principal.

SAFETY

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the ***Student Code of Conduct***, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

The school does not carry insurance for personal injury or personal property loss or damage. The school district receives various plans of insurance available to students and approves a plan to be offered to students through the school. The school acts only as a service agent, receives no remuneration, and is not responsible for the claims resulting from injuries. The school will furnish claim forms for injured students enrolled in programs. Those hurt during athletics must see the coach or athletic director for all paper work.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

EMERGENCY MEDICAL TREATMENT AND INFORMATION

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

Communicable Diseases / Conditions

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

Emergency School-Closing Information

In case of bad weather or an emergency, the school may have to dismiss early or be closed for a period of time. A decision will be made by the superintendent and notification will be provided to each student and parent as soon as possible after a decision has been made to close the school. The local television (KBTX-Channel 3) and radio station (KMVL-1220 AM and 100.5FM) will be notified so they can broadcast pertinent information. Also, district social-media outlets, such as Facebook and Twitter, will have information related to school closings.

SCHOOL FACILITIES

Use by Students before and After School

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the ***Student Code of Conduct*** or any stricter standards of behavior established by the sponsor for extracurricular participants. Students are not allowed in the building before school and at lunch except for the following reasons, and subject to the following regulations:

Before School

1. Students who have business in the office may enter through the west doors and conduct their business, then exit through the west doors.
2. Students who need access to the restrooms may use those in the cafeteria area.
3. No entrance into the Ag shop is allowed unless accompanied by a sponsor and for a specific school-related purpose.
4. On bad weather days (as determined by the duty teacher) students may enter the building through the west or north doors and proceed directly to the cafeteria. They are to remain there until the first bell rings.
5. Once on campus, students may not leave without permission from the office.
6. Students should not arrive earlier than 7:35 a.m. or remain on the campus later than 4:00 p.m. unless they are participating in a supervised activity. School doors/gates will not open until 7:30 a.m. each school day. Supervision will not be provided for students who arrive before 7:35 a.m. or remain later than 4:00 p.m. The above procedures are designed for the safety and well being of your child.

At Lunch

All the rules listed above apply except:

1. Students are to stay out of hallways.
2. Students cannot leave campus for lunch without permission from the office.

After School

Students will not be allowed to stay in the building to work after 4:00 p.m. unless accompanied by a sponsor with prior approval of the principal. It will be up to the sponsor to see that the building is closed, the lights out, and that all students have left the school grounds.

ALL OUTSIDE DOORS WILL BE LOCKED AT 4:00 P.M. ANY STUDENT IN THE BUILDING AFTER 4:00 P.M. MUST BE UNDER THE DIRECT SUPERVISION OF A TEACHER.

Use of Hallways During Class Time

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the *Student Code of Conduct*.

Library

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during regular school hours and with a teacher's permission.

Meetings of Noncurriculum-Related Groups

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB (LOCAL).

A list of these groups is available in the principal's office.

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.

STUDENT IDENTIFICATIONS

Student ID's will be provided by the school and can be obtained through the principal's office. Students may be asked to identify themselves at any school activity and the school ID may be one method of identification. After the school issues two identification cards, the student will be responsible for the cost of any additional cards.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks, Lockers and Backpacks

Students' desks, lockers and backpacks remain under the control and jurisdiction of the school even when owned or assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks, lockers and backpacks. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks, lockers and backpacks may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk, locker.

Electronic Devices

Use of district-owned equipment and its network systems is not private and will be monitored by the district. (See policy CQ for more information.)

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement whether a crime has been committed.

(See policy FNF (LEGAL) for more information.)

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. [See also the *Student Code of Conduct*.]

All students must have a valid Texas Driver's License and students and their parent must agree to and sign a Parking Permit Contract in order to obtain a parking permit. Permits must be obtained from the office. Proof of insurance is required. The cost of a parking permit will be \$20.00 per year. Motorcycles will also be \$20.00 per year (for at least three to a space). Second permits will be \$10.00.

No student may park in the school parking lot without a valid parking permit. Violators will be required to move vehicles from the campus. Time out of class will be unexcused. Students parking without a permit may be ticketed by the security resource officer. The speed limit on all campuses is 15 miles per hour. If a student drives or parks improperly on the campus, his/her parking permit may be taken away. Violating any parking procedures, may be ticketed and/or fined a maximum of \$20.00 by the school resource officer or by an administrator.

There is to be no student parking in front of the school. Students are not to loiter in the parking lot. When students arrive, they are to park, lock their cars, and leave the parking lot immediately. Students are not to circle around the campus or parking lots in their vehicles. Violation of any of the above policies will result in suspended driving privileges or other appropriate disciplinary action. Vehicles parked on school property are under the jurisdiction of the school. The school may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student.

Trained Dogs

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around

lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Metal Detectors

(For further information, see policy FNF (LOCAL).)

Drug-Testing

(See 2014-2015 Student Code of Conduct and board policy FNF (LOCAL). Also see Steroids on page 80.

SPECIAL PROGRAMS

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the Special Programs office at 936-348-2797.

Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

STANDARDIZED TESTS

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year.

The ACT or SAT may be available at no cost to students. In addition, students in grades 8 and 10 may have the opportunity to take the corresponding preparation assessments at no charge. Please check with the counselor for details.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level.

STAAR Alternate, for students receiving special education services, will be available for eligible students, as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC).

End-of-Course (EOC) Assessments for Students in Grades 9-12

Beginning with ninth graders in the 2011-12 school year and, as modified by House Bill 5, EOC assessments are administered for the following courses: Algebra I, English I and English II, Biology, and United States History. Satisfactory performance on the applicable assessments will be required for graduation and to participate in the graduation ceremony.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate, for students receiving special education services who meet certain criteria established by the state, will be available for eligible students, as determined by the student's ARD committee.

A student's ARD committee will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the district as well. Beginning in fall 2013, all Texas public colleges and universities will begin administering a new TSI assessment, which will assist as one of several factors in determining whether the student is considered ready to enroll in college-level courses or whether the student needs to enroll in what is termed developmental education courses prior to enrollment in college level courses.

STEROIDS

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at <http://www.uil.utexas.org/health/steroid-information>.

STUDENTS IN FOSTER CARE

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

A student who is placed in foster care and who is moved outside of the district's attendance boundaries is entitled to continue in enrollment at the school he or she was attending prior to the placement until the student reaches the highest grade level at the

particular school. In addition, if a student in grade 11 or 12 is transferred to another district and does not meet the graduation requirements of the transferring district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Please contact Dr. Robert Cope, who has been designated as the district's foster care liaison, at 936-348-2797 with any questions.

SUBSTANCE ABUSE PREVENTION AND INTERVENTION

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children's mental health and substance abuse intervention services on its website:

<http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

STUDENT SPEAKERS

Madisonville CISD provides students the opportunity to introduce certain school events and introductory speakers. Guidelines for participation are outlined in local school board policy FNA, which may be viewed at www.madisonvillecisd.org. Students who meet the criteria and wish to introduce one of the school events outlined in policy FNA (LOCAL) should submit his or her name.

As determined by the principal, students who have been selected for special honors, such as captain of an athletic team, student council officers, leaders of school-sponsored organizations, homecoming king or queen, or prom king or queen may also address school audiences at designated events. See policy FNA (LOCAL).

SUICIDE AWARENESS

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access the following Web sites or contact the school counselor for more information related to suicide prevention and to find mental health services available in your area:

- <http://www.texasuicideprevention.org/>
- <http://www.dshs.state.tx.us/mhservices-search/>

SUMMER SCHOOL

Summer school may be provided to students for remediation purposes only.

TARDINESS

A student who is tardy to class may be disciplined according to the Madisonville CISD *Student Code of Conduct*. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the *Student Code of Conduct*.

TEXTBOOKS, ELECTRONIC TEXTBOOKS, AND TECHNOLOGICAL EQUIPMENT

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or paid for by the parent; however, the student will be provided textbooks and equipment for use at school during the school day.

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests. When students ride in a district van or passenger car, seat belts must be fastened at all times.

Field Trips

Participation in field trips and other school activities is a privilege and can be taken away for inappropriate behavior. These activities may be used as a reward for good behavior during the school year. For a student to be eligible for an activity, they must have principal approval. The principal may take into consideration various student success criteria when making this eligibility decision including but not limited to: number of disciplinary referrals, academic progress, attendance, extracurricular activity eligibility, and the like.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school and on the district's website. Please contact 936-348-2133 for further information.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and

stops or to designate an alternate pickup or drop-off location, you may contact 936-348-2133.

Students being transported in school –owned vehicles and Durham School Services vehicles shall comply with the Student Code of conduct. Any student who fails to comply with that code or established rules of conduct while on school transportation may be denied transportation services and shall be subject to disciplinary action. Further information may be obtained by calling 936-348-2133.

See the ***Student Code of Conduct*** for provisions regarding transportation to the disciplinary alternative education program (DAEP).

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles, students are held to behavioral standards established in this handbook and the ***Student Code of Conduct***. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco (or imitation tobacco products, i.e. electronic cigarettes) on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the bus or van and before crossing in front of the vehicle.

Misconduct will be punished in accordance with the ***Student Code of Conduct***; bus-riding privileges may be suspended.

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the ***Student Code of Conduct***.

VIDEO CAMERAS

For safety purposes, video/audio equipment may be used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

Transportation personnel and campus administrators will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit district schools. Upon entering and exiting the campuses, visitors should follow the marked roadways and not use the bus lanes. Visitors are allowed to park only in front of the main building. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show proper identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

Parents and guardians are invited to eat with their children on special occasions.

Visitation on a daily or regular basis in the cafeteria may interrupt the education process.

Other visitors at lunch are not allowed without prior permission of the campus administration. Students absent or on a holiday from another school are not allowed. All visitors are expected to demonstrate the highest standards of courtesy and conduct.

Disruptive behavior will not be permitted.

Visitors Participating in Special Programs for Students

When/if hosting a High School Career Day the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

WITHDRAWING FROM SCHOOL

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature

GLOSSARY

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance Review Committee is sometimes responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the *Student Code of Conduct*. Students in the DAEP will be separated from students not assigned to the program. The DAEP will focus instruction on English language arts, mathematics, science, history, and self-discipline, and provide for students' educational and behavior needs, as well as supervision and counseling.

EOC assessments are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments will be required for graduation for some students. These exams will be given in English I, English II, English III, Algebra I, Geometry, Algebra II, Biology, Chemistry, Physics, World Geography, World History, and United States History.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or district-wide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the *Student Code of Conduct*. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

NCLB Act is the federal No Child Left Behind Act of 2001.

PGP stands for Personal Graduation Plan, which is recommended for all students entering grade 9 and is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

SAT refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district's health education instruction.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Modified is an alternative state-mandated assessment based on modified achievement standards that is administered to eligible students receiving special education services, as determined by the student's ARD committee.

STAAR Linguistically Accommodated (STAAR L) is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test or end-of-course assessments, when applicable, is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board; and identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion, and states whether self-defense is a consideration in suspension, DAEP placement, or expulsion. The *Student Code of Conduct* also addresses notice to the parent regarding a student's violation of one of its provisions.

TAKS is the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 10 and 11 and required for graduation for students at these grade levels.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

TxVSN is the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

Acknowledgment of Electronic Distribution of Student Handbook

My child and I have been offered the option to receive a paper copy of or to electronically access at www.madisonvillecisd.org the Madisonville CISD Handbook [and the Student Code of Conduct] for 2013–2014.

I have chosen to:

- ☐ Receive a paper copy of the Student Handbook [and the Student Code of Conduct].
- ☐ Accept responsibility for accessing the Student Handbook [and the Student Code of Conduct] by visiting the Web address listed above.

I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook [or the Code of Conduct], I should direct those questions to the campus' principal.
